BNP rejects schedule, hits back with 48-hour 'blockade' from 6:00am today; Hannan Shah held

STAFF CORRESPONDENT

The 10th general election will be held on January 5, the Election Commission announced yesterday amid fear of further violence and uncertainty over the BNP-led opposition alliance's participation in the polls.

Unveiling the polls fixture, Chief Election Commissioner Kazi Rakibuddin Ahmad urged all political parties to join the election. In a televised address to the nation, he also assured them of taking all necessary measures, including deployment of the armed forces, to ensure a free and fair election.

The BNP-led 18-party alliance right away rejected the schedule and announced a 48-hour countrywide blockade of roads, rail and waterways beginning 6:00am today. As

part of the agitation, the opposition men will halt traffic movement across the country.

"We demand that the polls schedule be held back until the crisis over an election-time government is resolved," BNP acting secretary general Mirza Fakhrul Islam Alamgir told reporters at Khaleda Zia's Gulshan office, where he announced the agitation programme.

The fresh spell of agitation will add to the sufferings of the people, who are already gripped by panic following the opposition's threat to cripple the country to foil the election.

"I requested all political parties time and again to come to a consensus by giving priority to people's aspirations."

The commission waited for reconciliation between the political parties over polls-time government, but it could wait no longer because of the constitutional obligation to hold the election by January 24 next year, said Rakibuddin.

He said army would be deployed along

Ticfa with US signed at last

Questions arise over legality of signing such deal by polls-time govt; first target is to restore trade privileges

REZAUL KARIM and REFAYET ULLAH MIRDHA

The government, after more than a decade of talks, yesterday inked the Trade and Investment Cooperation Forum Agreement (Ticfa) with the US, ushering in a new era of communication between the two countries.

Commerce Secretary Mahubub Ahmed and Acting Deputy of US Trade Representative Wendy Cutler signed the deal in Washington on behalf of Bangladesh and the US respectively.

The version of the agreement signed was the one approved by the Hasina cabinet on June 17, Akramul Qader, Bangladesh's ambassador to the US, told The Daily Star over telephone.

"Our first target is to recover our trade privileges to the US, as Ticfa is a platform for resolving trade disputes between us," said Commerce Minister GM Quader, adding that the issue would be raised in the first meeting of the forum.

Following the twin industrial disasters of

Tazreen fire and Rana Plaza collapse, the US on June 27 suspended Bangladesh's Generalised System of Preferences status, which provided duty-free access to 97 percent of the country's export items.

In the second forum, to be held in Dhaka in three months' time, Quader said the country would seek for withdrawal of duties for the remaining 3 percent of the products, which include readymade garment (RMG).
