

## A FAIR FOR PEOPLE OF DIVERSE CULTURES

**B**ANGLADESHIS are fond of taking part in fairs, and they throng in big groups if a showcase of products of international standards takes place in the heart of the capital. This year Dhaka International Trade Fair houses 471 stalls and pavilions of 13 countries, including Bangladesh, where companies from varied sectors come up with their latest innovations for the annual gathering. Almost everything, starting from machinery and beauty products to electronics, jute, furniture and handicrafts, could be found there. Foreigners staying in and outside of Bangladesh also love to visit the international event, for which businesses wait for the whole year to earn some quick bucks.
