Second Local Governance Support Project (LGSP-II)

City Centre (Level 10), 90/1, Motijheel C/A, Dhaka-1000

Request for Expression of Interest

(EOI) for Senior Management

Information System (MIS) Specialist

(Contract Package No. S-04.1)

The Government of the People's Republic of Bangladesh has received a

credit (IDA Credit No. 5019-BD) from the International Development

Association (IDA) towards the cost of Second Local Governance Support

Project (LGSP-II) and intends to apply a part of the proceeds to cover

eligible payments under the contract for providing consultancy services by

hiring a Senior Management Information System (MIS) Specialist for the

The main responsibility of the Sr. MIS Specialist is to coordinate on all

matters relating to the web based LGD-MIS and ensure that it is

designed, developed, implemented, operationalized and maintained as

per the agreed implementation plan. The Senior MIS Specialist will report

to the National Project Director. The Sr. MIS Specialist will also support the Computer Cell/MIS Department in relation to the web based MIS

The scope of work includes but not limited to: The Senior MIS Specialist shall (A) play active role in the (i) procurement of service provider for

Development of LGD MIS, its deployment & training and maintenance,

and (ii) procurement of hardware of LGD MIS; (B) perform other tasks that include: (i) Day to day management of the LGD-MIS; (ii) Development of

RFPs for procurement of MIS service provider and procurement of

hardware; (iii) Establishment of LGD-MIS Department; (iv) Monitoring

LGSP project budget for MIS; (v) Preparing reports for management; (vi)

Taking part in meetings; (vii) Developing and Organizing IT related

training; (viii) Provide client support; and (ix) Any other task that may be

assigned by management; (C) For Technical Tasks-Database

Management: perform the database related technical tasks the Sr. MIS

Specialist will be supported by the two MIS staff provided by the MIS firm.

In addition the MIS firm will also provide the back up support for any

debugging, and modification/development of new data entry forms and

reports. The key tasks of the Sr. MIS Specialist will include, but not be

limited to the following: (i) Ensuring complete, timely and accurate data

entry by LGIs in coordination with the other LGD staff and LGSP II technical specialists; (ii) Maintenance of the management information

systems, databases, and Web operations and ensuring its availability to

users; (iii) Establishment and administration of efficient email system; (iv)

Replication data; (v) Controlling privileges & permissions to database

users, maintaining user accounts, and profiles; (vi) monitoring database

server performance, error log, event log, transaction log etc; (vii)

Database backup schedules and recovery; (viii) Database and application

level security; (ix) Installing and upgrading DBMS; (x) Monitoring and

improving application performance (queries, indexing etc.); (xi) Designing

and developing new reports as required by users; (xii) Maintenance and

updating of the User's Manual; (xiii) Consultation with users and program

management to determine user needs and to define solutions to meet

user requirements; (xiv) Development of new modules. (D) Technical

Tasks-Network and HW: The overall hardware support will be provided by

the HW firm. The day to day management of the HW will be the

responsibility of the BCC. The Sr. MIS Specialist's main task in relation to

the hardware shall be to ensure that the network infrastructure is up and

running and available at all times and to guide and assist the BCC, the

HW firm and LGD. Details are provided in the Terms of Reference (TOR)
