**CAREER OPPORTUNITY****Project Manager (2 positions)**

We are seeking dynamic, innovative, experienced and resourceful professionals to join us as Project Managers in the following two projects.

The "Sustainable and Resilient Farming Systems Intensification (SRFSI)" for South-Asia, an ACIAR funded agricultural R4D project, focuses on farm management practices based on the principles of conservation agriculture (CA) and the efficient use of water resources. It will provide a foundation for increasing smallholder crop productivity and resilience and would use institutional innovations that strengthen adaptive capacity and link farmers to markets and support services. The four-year project activities are being implemented in partnership with national research and development institutions, NGOs and INGOs, CG Institutes, Australian universities and CSIRO.SRFSI will target rice-based systems research in eight districts across the three countries (India, Nepal and Bangladesh).

The Irrigation Scheduling and Information Services (ISIS) project is funded by the Bill & Melinda Gates Foundation. It is a 20 month project with a budget of USD 1.5 million. This project will define, in collaboration with national partners, the safe operating space for the use of surface water for irrigation in the Delta area of Bangladesh. It will also develop a scheduling guide for irrigation service providers. The ultimate goal of this project is to enable farmers to grow an additional cash crop during the winter months in a manner that is environmentally sound and yet profitable. We will closely collaborate with government institutions; national and international research organizations and NGOs to achieve this goal.

Location of the positions: Dhaka, Bangladesh

As project manager, the person will be responsible for administrative oversight and M&E leadership of the development, and practical aspect of the project activities. The selected candidate will also be responsible for developing and maintaining partnership with research and development public-private partners, INGOs and CG partners.

The International Maize and Wheat Improvement Center, known by its Spanish acronym, CIMMYT, is a not-for-profit research and training organization with partners in over 100 countries. Please refer to our website for more information: www.cimmyt.org

Specific responsibilities of the positions will include:

- Establish and act as the principle liaison of the project leader. The Project Manager will develop and maintain a positive and efficient relationship with the donor organization at headquarter and regional level.
- In collaboration with CIMMYT's Country Representatives, represent the project to government, private sector, NGO, CGIAR partners in India, Nepal and Bangladesh and internationally.
- Oversee implementation of the project and assure delivery of all required targets.
- Provide overall management and guidance to the project coordinators and national and international partners.
- Help to establish and implement a comprehensive M&E and research data management system for the project in alignment with the overall CIMMYT Research and Data Management Framework and donor's reporting requirements.
- Ensure timely and quality completion of all reports and deliverables, especially M&E half yearly and yearly reporting, as required by CIMMYT, the CGIAR, and donors.
- Develop and implement annual project work plans and performance milestone plans with donor approval and in collaboration with project partners and ensure that plans and progress and reports are entered/uploaded in the CIMMYT Research Management System.
- Ensure appropriate documentation of project implementation process, research data archiving, and contribute to periodic evaluation of progress and the drawing of lessons learnt.
- Assure that field activities are properly implemented and maintained, in order to have the most efficient and beneficial impact to improve rural livelihoods in project locations/areas, while delivering on the project's targets.
- Assure that project records and data are properly managed, curated, and maintained in accessible database form.
- Execute subcontracts ensuring full compliance to established policy and process with project partners and timely transfer of funds to partners as per sub-agreements.
- Monitor and report on utilization of budget and commitments accurately and in a timely manner to facilitate informed decision making..
- Oversee the project procurement and management of assets, inventory and other resources.

We are seeking candidates with the following qualification, skills and attitudes:

- Master's degree in international agricultural development, or related fields, and/or project/business and administration, with a particular interest or experience in Monitoring and Evaluation of planned interventions.
- Eight years and above prior field experience in implementing and managing large-scale rural development and public-private partnership projects.
- Prior experience as Project Manager or similar leadership, coordination, and management roles would be beneficial.
- Working knowledge and experience of monitoring and evaluation systems. Familiarity with research data archiving systems, databases, and experience training researchers or M&E specialists in their use would be beneficial.
- Demonstrated experience in implementing participatory and gender sensitive R4D projects.
- Practical experience in conservation agricultural based crop management, scale-appropriate agricultural mechanization, extension systems, and/or public-private partnerships is desirable.
- Excellent interpersonal skills, including gender sensitivity and ability to work in multi-disciplinary and multi-cultural teams, as well as to develop strong and effective working relationships with partners.
- Excellent written and oral communication skills in English, including ability to present coherent and convincing messages to different audiences
- Good working knowledge of Microsoft and data management packages, and electronic communication tools.

These are Nationally Recruited Staff positions for an initial term of one year renewable based on performance and strategic needs. CIMMYT offers an attractive remuneration package including House Rent Allowance, Transport Allowance, Provident Fund, Medical Insurance, etc.

CIMMYT is an equal opportunity employer. It fosters a multicultural work environment that values gender equality, teamwork, and respect for diversity. Women are encouraged to apply.

Email cover letter and CV no later than **Wednesday, 18th June, 2014** to Human Resources, **CIMMYT** (Email: CIMMYT-NRRecruitsouthasia@cgiar.org. Please indicate Position Reference number:B13156/7in the header of your email). For further information on the selection process, please contact Guillermo Flores, Staffing Specialist, at g.flores@cgiar.org.
