Cover Story 14-19

Milking Life

Milk is good for us. Everyone "knows" that. But when it comes to drinking milk, we are far behind our neighbouring countries. Milk is a total food and in order to ensure sound physical and mental growth, we must drink it. We need to, therefore, achieve two things: increase the production even more and retool its marketing in order to increase the consumption. Experts believe both goals are within our reach.
