Date: 25.06.2014

The Bangladesh Forest Department (BFD), Ministry of Environment and Forest, jointly with the Arannayk Foundation (AF), have received grant from the Bangladesh Climate Change Resilience Fund (BCCRF), to implement the Climate Resilient Participatory Afforestation and Reforestation Project with fiduciary support from the International Development Association (IDA). The objective of this assignment is to design, supervise and monitoring the rehabilitation and reconstruction of around 70 BFD field level offices ensuring compliance with the policies/guidelines of the Government of Bangladesh (GOB) and the International Development Association (IDA). The consultant will have to provide climate proofing design for the field offices and the design and construction must promote the green building principles. The specific objective would be, but not necessarily be limited, to

Consultants may associate with other firms to enhance their qualifications, and, if association, should mention whether the association is in the form of "joint venture" or "sub-consultancy". It is preferable to limit the total number of firms in an association including the Lead Firm to 4 (four).

A consulting firm will be selected in accordance with the *Selection under a Fixed Budget (FBS)* procedures as set out in the World Bank's Guidelines: Selection and Employment of Consultants under IBRD Loans and Credits & Grants by World Bank Borrowers, January 2011.
