Celebrating Life

"Celebrating Life" is a composite competition, inviting films, photographs and lyrics entries that showcase various aspects of life in Bangladesh. Organised jointly by Star Showbiz of The Daily Star and Standard Chartered Bank, this initiative is our attempt to provide participants with a massive platform for creative expression.

Weeklong festivals are organized in districts and universities of Bangladesh throughout 2014, showcasing winning entries from the previous years' and the current year's contests. We take the spirit of Celebrating Life to remote areas and villages of Bangladesh, and make sure that the whole nation can participate in the celebrations!

The over-arching theme for Celebrating Life 2014 is 'Living in Harmony'. Although it is seen as a homogenous country more than 10 percent of Bangladesh's population is non-Muslim and hundreds of ethnic communities make up the demography of the country.

The History of Bangladesh tells us the same story where, for thousands of years, different ethnic groups have come here to visit and settle. Just to
