It gives me an immense pleasure to know that Eastern University is going to hold its 4th Convocation on February 9, 2015. On this auspicious occasion, I would like to extend my heartiest congratulations and felicitations to the graduating students, their proud guardians, the faculty members and university administration.

At present, private universities are making substantial contributions to infuse knowledge and skills to the graduating students who, in turn, are advancing the economic and social development of the country. However, education without quality, mission, vision and sound objectives is just an instrument of personal gratification. I believe that Eastern University is well aware of this and moving in the right direction to produce skilled and accomplished manpower by imparting quality education since

the Convocation a success.

Once again, I congratulate the graduating students for their achievements and wish

of life and start pursuing a career or profession. So the graduates should understand the challenges that they are going to face in the days ahead in building up their career and life. They should meet the challenge with tact and courage. For this, they need to learn continuously to deal with ever changing work environment. Above all they must build themselves up as ethical and good members of the society and the country. We are grateful to Mr. Nurul Islam Nahid, the Honorable Minister of Education and the Chief Guest of the

Convocation for sparing his scarce and valuable time for inspiring the graduates and all of us. The Chairman and the Members of Board of Trustees deserve special thanks for their unstinted support to academic and administrative matters. Thanks are due to the members of Syndicate, Academic Council and other statutory committees. I must thank the Deans, Chairpersons, Coordinators and the faculty members for they are the ones who have given their best efforts and care to help the students learn and to attain success. The Registrar, Controller, officers, executives and staff in their individual capacities have put in hard work to provide the services the graduating students and the faculty needed in teaching-learning process and also to organize the Convocation. My sincere thanks go to all of them. I must however mention with thanks the name of the Pro Vice Chancellor, Dr. Abdul Hannan Choudhury for his relentless effort for the convocation.
