'Shootouts' continue

2 more killed in Jessor

STAR REPORT

Two people were killed in a "shootout" with police in Monirampur upazila of Jessor early yesterday.

Of the two, deceased Bazlur Rahman Bazlu, 40, was from Monirampur and Saidur Rahman Sayeed, 34, from Dumuria upazila of Khulna.

Monirampur police claimed the two were Jamaat activists, but Rabiu Islam, elder brother of Bazlu, said they were active in BNP politics.

According to cops, Bazlu and Sayeed were accused in at least six cases, including the one for allegedly damaging and looting around 70 houses of Awami League men at Jaipur village in the upazila on March 22, 2013.

Our Benapole correspondent reports: Police picked up Bazlu and Sayeed at Jaipur village around 7:30pm on Tuesday, said Reshma Sharmin, assistant superintendent of police (ASP) in Jessor.

Obtaining information from the arrestees, cops along with the two went to Begaritala in Monirampur upazila around 3:00am yesterday to recover illegal arms.

As police reached there, a criminal gang

More arson, more arrests

Several vehicles torched

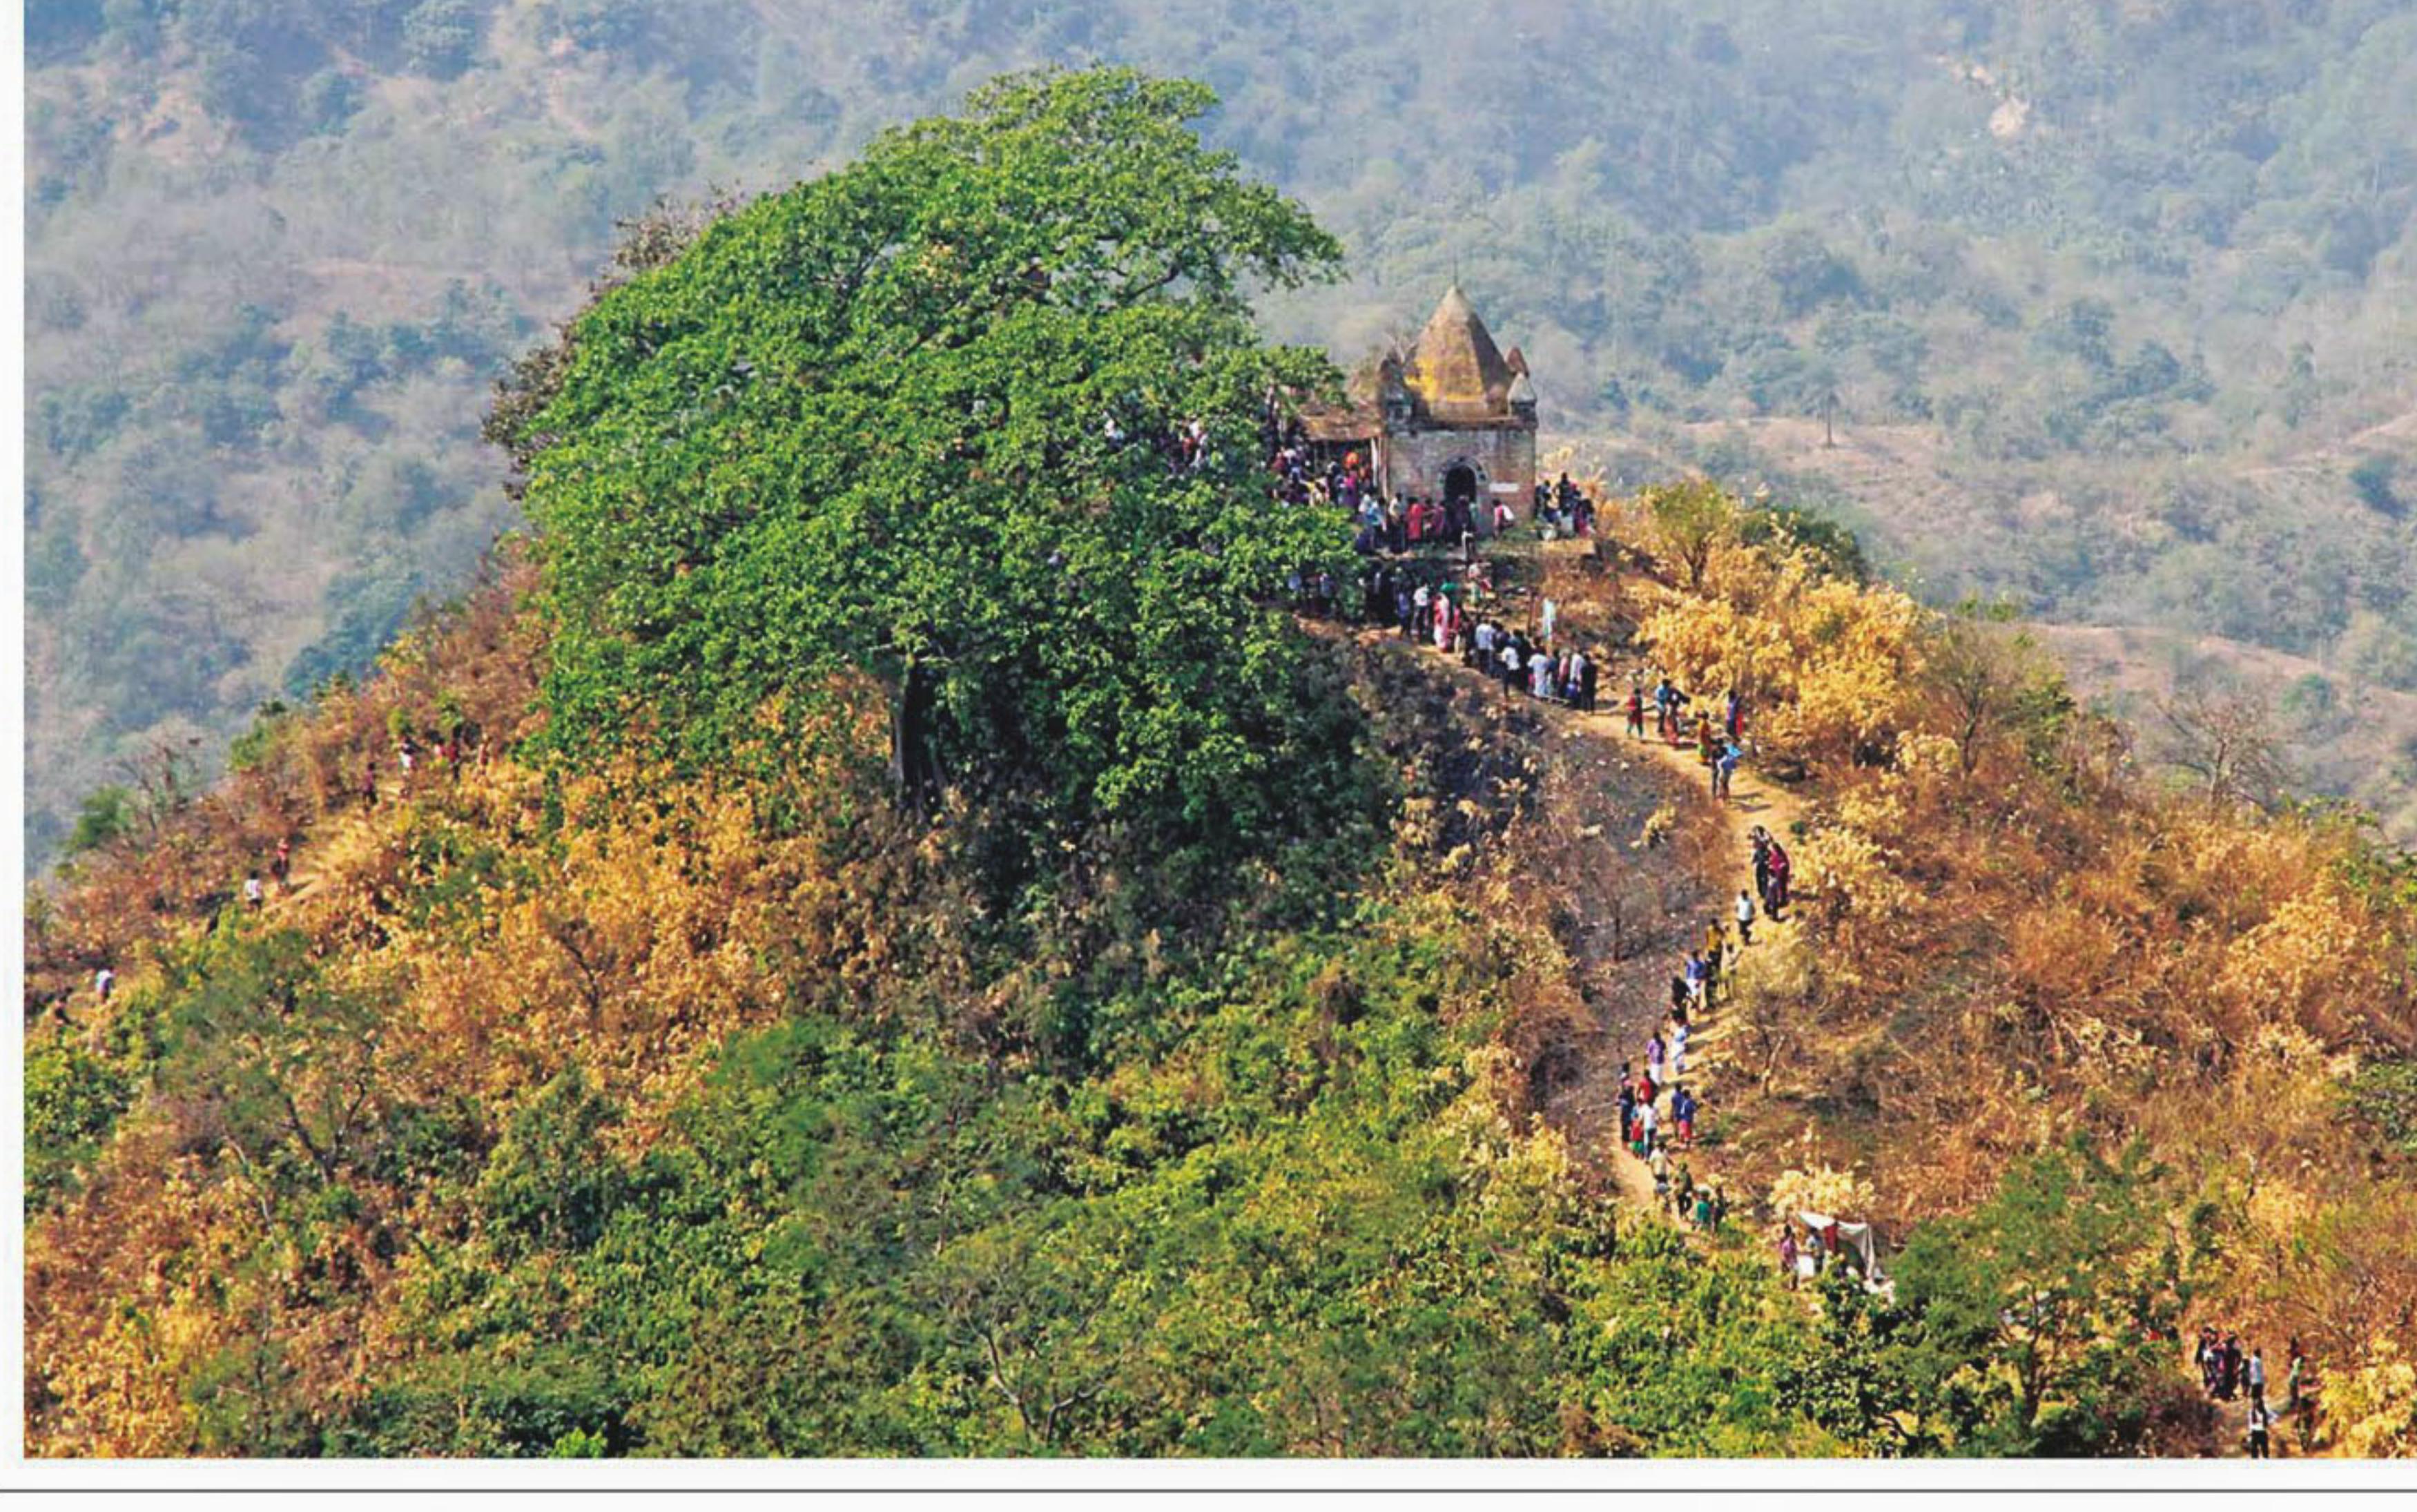

STAR REPORT

Incidents of arson, explosion, police shooting and arrests marked yesterday's nationwide hartal, enforced by the BNP-led alliance alongside its ongoing blockade.

Eight people were injured after alleged pickets hurled a homemade bomb at a mini bus at Tiger Pass area in Chittagong around 12:00am. After the explosion, the driver lost control of the vehicle which then hit a road divider, said Mohiuddin Selim, officer-in-charge of Kotwali Police Station.

The injured were taken to Chittagong Medical College Hospital, and three of them were admitted to the hospital's burn unit.

Target 9,000MW power

Govt okays appointment of consultant to prepare master plan on Maheshkhali energy hub

SHARIER KHAN and REJAUL KARIM BYRON

The economic affairs committee of the cabinet yesterday approved appointment of a consultant to formulate a master plan to generate 9,000 megawatts of power in Maheshkhali, going a step forward with the government's vision to convert the island into the country's largest energy hub.

The committee also approved appointing a joint venture of German, Indian and Bangladeshi companies to make a feasibility study and a layout plan to install five large coal-powered plants totalling around 6,000MW and one 3,000MW power plant to be fired by imported liquefied natural gas (LNG) there.

The joint venture, comprised of Steag of both India and Germany and BCL of Bangladesh, sought Tk 20.5 crore for the job in an open tender floated last year.

It would act as the implementation consultant for the first of the five 1,200MW coal-fired ultra super critical power plants to be built jointly by the Power Development Board (PDB) and Chinese CHDHK.

Currently, the government is processing acquisition of 5,000 acres of land as per the plan.

The Maheshkhali site is within 10-15 kilometres of Matarbari where another coal-fired 1,200MW power project is being built with Japanese soft loan. The Matarbari plant comes with a massive \$4.5 billion price tag and includes setting up of a deep-sea port dedicated to handling imported coal.

While all coal plants will be fed with imported coal, the government has another project to set up an LNG terminal in Maheshkhali to facilitate
