

CEC hopes for improved law, order during DCC polls

But doesn't announce any tentative schedule
STAFF CORRESPONDENT

Law and order situation will improve by the time of the long overdue Dhaka city corporation elections that will be held "soon", said Chief Election Commissioner Kazi Rakibuddin Ahmad yesterday.

His expectation came during a press briefing in the media centre of the Election Commission.

In response to a question over whether EC will hold the election if the political violence continues, the CEC said, "We will talk about it after meeting with law enforcers and intelligence agencies."

However, the CEC did not announce any tentative schedule of the elections. Sources at the EC secretariat told The Daily Star that the elections might be held by the last week of May or the first week of June.

In reply to another question on EC's role if supporters of any political party do not participate, the CEC said, "We will have to hold the elections, even if some do not join. We will urge everyone to join as it is a non-partisan election."

Say speakers at programme of Bangladesh-UN joint response team

STAFF CORRESPONDENT

The government will formulate a plan of actions to protect the Sundarbans from any further disasters, said officials at a programme that made public the final report of Bangladesh-UN Joint Sundarbans Oil Spill Response Team.

The government also plans to monitor long-term impacts of the oil spillage, if any, they said at the programme in Cirdap auditorium in the capital yesterday.

With support from the United Nations Development Programme, the environment and forests ministry

will formulate the plan in a two-day workshop to be held soon, they added.

Alamgir Hossain, programme analyst, environment and energy, UNDP gave a presentation on the final report.

He said 19 percent of the spilled oil was collected by the local community.

The final report concluded that 51 percent of the people engaged in collection of the spilled oil have been facing health problems.

It recommended monitoring their health, said Alamgir.

UN Resident Coordinator in Dhaka Robert Watkins said the Sundarbans

was a global treasure with a very high ecological value and that it was the collective responsibility of the global community to save it.

Kamal Uddin Ahmed, acting secretary to the environment and forest ministry, said the ministry was not prepared for the oil spillage.

However, now the ministry would be ready to tackle any such disaster in the future, he added.

Environment and Forests Minister Anwar Hossain Manju said Bangladesh has to face challenges in every sector.
