BACK IN HER  
**ELEMENTS**

Shokh is one of the famous faces of television. Recently though, she tried her luck in the film industry with her recent film "Olpo Olpo Prem Er Golpo" which didn't go all too well as the movie wasn't quite the hit many were expecting it to be. Despite that, she hasn't lost her will and she is still working. However, her efforts are now focused back on TV Dramas and modeling instead of films. She has just finished working a TV Drama called "Breakup" and is currently working on another TV Serial called "Moddhobitter Shukh Oshukh"

## RETURNS TO DRAMA

Mehzabeen was already a household name, but with her recent comic TVC for Banglalink, she has garnered even more attention. While she was doing all this, she had taken a small leave from TV Dramas but it seems she is coming back with two new dramas called "Putul Er Golpo" and "Unmarried", much to the delight of her fans.

## OGGATONAMA

Toukir Ahmed was one of the giants of television during its golden era, but he wasn't limited to being just an actor. Seven years ago, he released his second film and now, he's returning with a new film by Impress Telefilms. The movie is called "Oggatonama", and due to the unique nature of the story, it may offer something new to the audience. The film will also be breaking the norm by having most of its scenes shot outdoors, not in FDC.
