

## STYLE ICON

# ZAKIA BARI MAMO

Zakia Bari Mamo is a model first above anything else. So this means she knows how to stay fashionable and keep in touch with the latest trends. She has since branched out to other mediums as well and has found great success, and why should she not? Her drop dead good looks and her trendy dress-up makes her stand out wherever she is. This makes her an obvious choice for this week's Showbiz Style Icon.
