SC unhappy with law ministry over delay in sending judicial official abroad

STAFF CORRESPONDENT
The Supreme Court yesterday summoned the law secretary before it and expressed dissatisfaction with its ministry for not complying with an order of the court to take necessary steps to send a lower court judge abroad for training. Law Secretary ASSM Zahirul Haque Dulal appeared before the court as per its order. The apex court told the law secretary and Attorney General Mahububey Alam that the SC, not the law ministry, will decide whether to send any judicial official abroad as those officials are under the court following separation of the judiciary from the executive. At a stage, the attorney general told the court that the law ministry has already decided to make arrangements to send the judicial official abroad. SC sources said the South Korean government on May 12 urged Chief Justice SK Sinha to send two judicial officials to South Korea for a 16-day long training.

RU senate proposes budget without fund for research

Members, teachers, student organisation express resentment

RU CORRESPONDENT
Rajshahi University has announced a budget of Tk 294.74 crore for fiscal year of 2015-16 without proposing any allocation for conducting researches. The RU senate proposed the budget with a deficit of Tk 45.39 crore at its 21st meeting held at its Senate Bhavan yesterday with Vice-Chancellor Muhammad Mizanddin in the chair. According to the senate sources, only Tk 22.89 crore has been allocated for education sector, which is very poor. But it

has proposed Tk 32.99 crore for meeting general expenses, including costs for office, staff development and sending representatives abroad. Of the total budget, Tk 227.83 crore has been allocated for salaries and pensions of teachers and other staff. Last year, Tk 2.88 crore of the total Tk 208.15 crore was allocated for research purposes. Many senate members at the meeting expressed resentment over proposing the budget without allocation for researches and poor allocation in education sector, some members told The Daily Star seeking

anonymity. Prof Pranab Kumar Pandey said research activities in public universities are poor due to lack of budget allocation in this sector. How will teachers conduct researches without money?, questioned another senior teacher seeking anonymity. Meanwhile, Chhatra Front of RU unit, in a statement, protested the budget for not allocating money for researches. Alamgir Hossain Sujon, Chhatra Front RU unit president, said major allocation for a university should be for research and educa-

tion sectors. The RU VC told The Daily Star that the university want to allocate more for research and education sectors but it has to depend on the government as its own income is very limited. The university needs more allocation from the government to ensure quality researches, he said. Only Tk 18.15 crore will come from own income sources of the university while the University Grants Commission will approve the budget with some changes and finally provide the rest of the amount, said the sources.
