

# DEATH PENALTY FOR WAR CRIMES Mojaheed to seek review of SC verdict

STAFF CORRESPONDENT

Jamaat-e-Islami leader Ali Ahsan Mohammad Mojaheed yesterday decided to file a petition with the Supreme Court seeking a review of its ruling that upheld the death penalty on him for planning and instigating the killings of intellectuals and professionals in 1971.

Mojaheed gave the decision when five of his lawyers met with him at Dhaka Central Jail for 30 minutes from 11:25am, his counsel Shishir Manir told The Daily Star.

Mojaheed has the right to seek a review within 15 days after getting the full judgment of the apex court.

This was the first meeting between Mojaheed and his lawyers after the country's apex court upheld the death penalty on the Jamaat secretary general, who was the chief of infamous Al-Badr Bahini, especially responsible for the killing of intellectuals in 1971.

"He (Mojaheed) told us (lawyers) that he couldn't understand why the death sentence was sustained, despite having no specific allegations," said Manir.

He said his client was mentally and physically well.

On June 16, the Appellate Division upheld the death penalty on Mojaheed. In July 2013, the International Crimes Tribunal-2 sentenced him to death for war crimes.

## Spare none to uproot

FROM PAGE 3  
said Jahangir.

Since some members of the administration and law enforcement agencies are allegedly involved, the government must take a hardline stance for a serious investigation is required, he added.

Dainik Janata Editor Ahsan Ullah said the case of Bangladeshis was different from the persecuted Rohingyas because despite making good socio-economic progress, poverty, lack of education, unemployment and landlessness here were still widespread.

Human traffickers take advantage of these for many are eager to go abroad to change their fortunes, he said.

The Liberation War's spirit is social and economic justice but there is a long way to go before these can be established, said Ahsan, adding, "If we fill own pockets instead of serving common people, things will not change."

Security analyst Maj Gen (ret'd) AKM Md Ali Shikder pointed out that Bangladeshis were also being trafficked to the Middle East through India and Pakistan.

Bangladesh Press Council Chairman Justice Md Mamtaz Uddin Ahmed, Lt Gen (ret'd) ATM Zahirul Alam, freedom fighter Dr Syeda Badrunnahar Chowdhury also spoke at the discussion moderated by ALERT Senior Vice Chairman Manoranjan Ghoshal.

at Dhaka Medical College Hospital, said Shafiqur Rahman, inspector (investigation) of the police station.

The complainant, who is a first-year honours student, lives in Badda.

Citing the case statement, police said she was coming home yesterday from a coaching centre when her friend took her to a house in Shewrapara and raped her there.

The three miscreants threatened to upload the video on the internet if she went to police, but she filed the case after talking to her family, said police, quoting her.

## Packed into trawler

FROM PAGE 3  
and the balm was applied, Sujan told The Daily Star yesterday before being released from a camp in Cox's Bazar Cultural Centre along with 32 others following interrogations.

Another victim, Arifur Rahman, 22, of Bogra said two brokers, Julfikar and Saker, of the district took him to Cox's Bazar's Teknaf with similar promises and handed him over to another broker, Abdul Hamid.

Hamid confined him to a house, realised Tk 50,000 from his father by threatening to kill him with a firearm and then put him in a trawler which drifted at sea for over two months.

The remaining four, being adolescents, were handed over to Bangladesh Red Crescent Society, the Cox's Bazar unit secretary of which, Abu Hena Mostafa Kamal, said their volunteers would take them back home.

The four are Md Shamim, 16, of Sirajganj; Afai Mia, 15, of Kishoreganj; Mazid Ullah, 17, of Habiganj; and Sagar Ali, 15, of Bogra.

Cox's Bazar Additional Superintendent of Police Tofael Ahmed said identities of the human traffickers concerned had been provided to police in seven districts.

Police will file cases in the seven -- Sirajganj, Madaripur, Sunamganj, Kishoreganj, Habiganj, Jamalpur and Bogra.

Following the discovery of mass graves in Thailand, some 5,000 victims, Rohingyas facing persecution in Myanmar and Bangladeshis seeking jobs, have been rescued in Indonesia, Malaysia, Thailand and Myanmar since late April.

The Myanmar navy rescued 935 victims from the Bay of Bengal on May 21 and 29. Myanmar on June 8 repatriated 150 victims, three of whom the Bangladesh authorities confirmed as Rohingyas.

## BGB man's

FROM PAGE 3  
the government immediately bring Abdur Razzak back through intense diplomatic efforts and enhance the efficiency and capability of the BGB.

Myanmar's Border Guard Police (BGP) opened fire on a BGB patrol boat in Teknaf of Cox's Bazar in the early hours of Wednesday. A BGB sepoy, Biplob Kumar, suffered bullet wounds in the shooting, while Nayek Abdur Razzak was abducted by the BGP.

At a meeting on Friday, Myanmar's immigration officials told BGB officials that they were waiting for the top authorities' decision regarding Razzak's release, said Maj Aminul Islam, additional director, BGB Battalion 17 in Cox's Bazar.

At the briefing, the BNP spokesman called upon the government to equip BGB professionally so that no foreign forces dare pick up them in such an insulting way or shoot them.

Expressing concern over high prices of essentials during Ramadan, Ripon alleged that prices were going up due a lack of government's monitoring of the market.

# Train crash injures 40 in Lalmonirhat

Teenager fatally run over in Jamalpur

CITY DESK

At least 40 passengers were injured when a moving train hit a stationary one at Kakina Railway Station in Lalmonirhat-Burimari land port yesterday morning, reports our Lalmonirhat correspondent.

Police said a Lalmonirhat-bound train was stationary at Kakina station when a train coming to Burimari from Lalmonirhat town hit it around 8:50am.

The train was supposed to arrive at the second platform of the station but due to wrong signalling by Kakina station staff it arrived at the first platform where the other train was waiting.

However, Abu Taher, the station master, claimed that the signal was correct and the train driver misunderstood.

The incoming train had slowed down before it hit the stationary one, thus the damage was not as worse as suspected, said witnesses.

Train communications on the 90-km Lalmonirhat-Burimari route remained suspended till 12:40pm, said railway officials.

The injured passengers were taken to Kaliganj Upazila Health Complex, Lalmonirhat Sadar Hospital and Rangpur Medical College Hospital, police said.

Most of the passengers sustained injuries as they jumped from the train seeing it was about to hit another one, said police.

Meanwhile, agitated locals vandalised the ticket counters and doors and windows of the station master's room after the accident.

Tahidar Rahman, driver of the train, claimed the accident occurred due to negligence of the station master as he did not give the correct signal.

A four-member team led by Lalmonirhat Railway Divisional Traffic Superintendent Mostafizur Rahman was formed to probe the matter. It was asked to submit the

**University Grants Commission of Bangladesh**  
**University of Dhaka**  
**Department of Accounting & Information Systems**  
**Training Program on Capital Market Research**  
Accounting for Capital Market Development (ACMD) is a research project administered under the Academic Innovation Fund (AIF) of the University Grants Commission (UGC) of Bangladesh and the World Bank. ACMD will offer a training program on Capital Market Research in the University of Dhaka. The program will feature theoretical and empirical studies in areas of capital market research. A particular focus will be on capital market relevance of accounting information. A motivation is to present a coherent framework of financial statement analysis for fundamental valuation of stocks and securities and for making informed investment and credit decisions.  
**Program Description**  
The program will cover the following main topics: Understanding financial statements for investment decisions; financial statement analysis and prediction of future returns; determinants of P/E and P/B multiples and their relevance for investment decisions; cash accounting versus accrual accounting-reconciling earnings, dividends and free cash flows (FCFs); equity valuation models-a comparative review of literature; equity valuation models - applications for IPOs and listed equities; debt, taxes, dividend policies and their implications for stock prices; capital structure, interest rate risks and their implications for equity valuation and yield-on-equity (YOE); the effects of macroeconomic and monetary policies on capital market performance; assessing earnings quality and the issue of earnings management; issue management of new securities; ownership concentration, information asymmetry and performance of listed equities.  
**Organized by:**  
**Accounting for Capital Market Development (ACMD)**  
Department of Accounting & Information Systems (AIS)  
University of Dhaka, Dhaka-1000, Bangladesh  
Program Director: Dr. Mizanur Rahman  
Please contact Ms. Samira Siddika at 01957-199198 or **visit <http://acmd.com.bd>** and **<http://www.facebook.com/AccCMD>** for further information about the training program.

**THE WORLD BANK**  
**Program Duration : 14 Weeks**  
**Time: Fridays (3 hours per week)**  
**Resource Persons:** Prominent academics and practitioners who bear proven track record in capital market research will constitute a panel of resource persons.  
**Eligibility Criteria:** The training program is designed for those who are either pursuing capital market research or planning a profession in financial markets. Applicants are expected to have graduate degrees from any recognized university in any discipline and with a minimum CGPA of 3.00 in a scale of 4.00 or a second class in all public examinations. A working experience in corporate business, capital market journalism and academic/research institutions is desirable.  
**Application Procedure:** Candidates should apply in prescribed form available online at **<http://acmd.com.bd>**. Filled-in applications together with attested copies of academic certificates should be submitted to the program office by July 2, 2015.  
**Fees:** Tk. 10,000 payable through an account payee check or a pay order in favor of Accounting for Capital Market Development (ACMD).  
Successful participants shall receive a course completion certificate from the University of Dhaka in a ceremony at the end of the program.  
**Commencement of the Program:** July 31, 2015.
