Eid mobile app

Gloria Jean's Coffees is associated with a statement of modern and stylish lifestyle that is above many other smaller local and international brands selling coffee in Bangladesh. It is an Australian Coffee Chain that is present in 48 countries of the world. Ever since their inception in Bangladesh in 2012, they have been popularly known as an innovative and creative coffee brand.

Staying true to the creative core of the brand, on 12 June, 2015 Gloria Jean's Coffees Bangladesh launched the first coffee

mobile application of the country. They have launched it in two most popular platforms, Android and IOS.

There are many benefits of the GJC Mobile Application. The complete menu is uploaded into the app, so that you can plan out better if you are going there. You will be the first to know about their amazing offers through the app and engage in many interactive contests and win amazing rewards. You can download the application by searching for Gloria Jean's Coffees BD in the Apple App store or the Google Play Store.
