Dr. Sagir's Pet Clinic now in Gulshan

Grand inauguration of Ruma Beauty in Singapore

With the aim to spread pet animal healthcare services to your destination, Dr Sagir's Pet Clinic is opening a new branch at Gulshan area. The new branch is to be open at House 37, Road # 6, Block D, Niketon Gulshan as Dr. Sagir's Pet Clinic - Gulshan Branch.

The new branch in will deliver more convenience than that of the Lalmatia-Dhanmondi branch, and will offer various pet healthcare solutions for pet animal health related problems. The Gulshan branch has top of the line veterinary technical facilities, machines, food and accessories supply. New and rare pet animal healthcare care, food and nutrition, and accessories supply services along with home service facilities at a minimal rate will be available here.

Dr. Sagir's Pet Clinic also requests all corporate human resource departments and company owners as well as corporate houses to take their Corporate Membership opportunity to give 15% discount on all our pet animal healthcare services for the employees, colleagues and management people who have pet animals in their home.

Celebrated beautician and Bangladeshi entrepreneur Naznin Jahan Ruma has been beautifying the ladies of the town of Jurong in Singapore for over a decade through her popular parlour named Ruma Beauty Saloon & Fashion. It has turned into a family name there when it comes to the call for an efficient hand in terms of makeover, facial treatment, wedding package and the most up-to-date trendy fashion line-up from India, Pakistan and Bangladesh.

To meet an ever escalating bigger demand, in a larger space with a superior service, Ruma Beauty Saloon & Fashion house, is launching its second outlet near the Serangoon area, better known as `Little India' in Singapore. Added to this extended venture will be bridal photography as well as event management.

The grand inauguration of this newest outlet would be held at 125A (2nd Floor), Serangoon Road, near Sri Veeramakaliamman Temple in Singapore on 20 June, 2015;
