# Cops create bribe fund!

Tk 77 lakh collected 'for ministry high-ups';  
10 Barisal policemen suspended

SUSHANTA GHOSH, Barisal

They created a joint fund of around Tk 77 lakh to bribe their superiors to expedite the promotion of 230 Barisal cops.

One of their bosses was mediating the matter and given an amount from the collected money.

All was well until some of the cops complained to higher authorities, finding the process longer than they expected.

The bribe fund got exposed; the department suspended 10 personnel of Barisal Metropolitan Police (BMP).

The suspended cops are assistant sub-inspectors Anisuzzaman, Monir Hossain and Md Hanif; nayek Kabir Hossain; drivers Shahidul Islam, Bablu Jamaddar and Dolon Baral; ration-storekeepers Abbas Uddin and Arifur Rahman; and constable Tapas Kumar Mandal.

"They were suspended for illegal money collection for promotion," BMP Commissioner Shaibal Kanti Chowdhury said, adding the suspension order reached Barisal from police headquarters on Monday and it was executed the same day.

The alleged mediator was Zillur Rahman, deputy police commissioner of Barisal. Decision about him was still pending, Shaibal said.

## MUHITH ON SONALI LOAN SCAM

# Scamster got scot-free 'due to backing'

STAFF CORRESPONDENT

Finance Minister AMA Muhith yesterday said that the government could not take punitive action against a top official of Sonali Bank for his involvement in Hallmark loan scam due to interference from "our own men".

"A deputy managing director of Sonali Bank has been sent to jail in the Hallmark loan scam case. He [the deputy director] died in jail.

"Another deputy managing director was sent to jail. [But] a top official of Sonali Bank could not be sent to jail, because of the backing of our own people. I am very annoyed about this," Muhith told parliament during the passage of the budget for the 2015-16 fiscal year yesterday.

Expressing concern over the Hallmark and Basic Bank loan scams, a few lawmakers said people's confidence in the financial sector dropped drastically due to such serious scams.

Admitting the matter, the minister said trust and confidence are considered the basic pillars of the banking industry.

# Youth highly moral

Finds TIB survey; part of the population  
compromises with integrity seeing no  
hope against corruption menace

STAFF CORRESPONDENT

The country's youth generally have a highly moralistic concept of integrity. Yet in ethically challenging situations, some would adopt unfair means, a TIB study has found.

While 97 to 98 percent of the youth surveyed believe that a person of integrity never lies, cheats or breaks law, 30 percent said a person of integrity can make exceptions if it benefits his or her family, according to the National Youth Integrity Survey 2015, done by the Transparency International Bangladesh.

The findings of the survey, conducted between April 22 and May 7 in 461 mouzas of 31 districts in the country, were presented at a press conference at TIB's Dhanmondi office in the capital yesterday.

A total of 2,419 youths aged between 15 and 30 took part in the study. Of them, 67 percent were male and 33 percent female.

Youths are forced to get involved in corruption or accept it, although they have a clear concept of integrity, said Iftekharuzzaman, executive director of TIB.
