

Exim Bank – Kishor Alo Anti-Drug Essay Competition 2015

MAHEJABEEN HOSSAIN NIDHI

On June 25, a day before the International Day against Drug Abuse and Illicit Trafficking, the Prothom Alo Trust held the award ceremony for the EXIM Bank - Kishor Alo Anti-Drug Essay Competition 2015. The competition had awarded students from grades 8 to 12 from all over the country to write an essay on the prompt, "It is modern to be drug-free".

Around 600 students submitted their essays by both post and e-mail. These essays were separated into two categories; group A for 8th to 10th grades and group B for 11th and 12th grades. The top three essayists from each group were invited to The Daily Prothom Alo Office and handed their awards.

The ceremony was hosted by Aziza Ahmed Paula, Chief Operating Officer at Prothom Alo Trust. She welcomed Associate Editor of Prothom Alo, Anisul Hoque, to give the opening speech. Hoque addressed the distressing scenario of peer pressure starting from a very young age in our country as dealers portray non-users as "uncool". While he acknowledged that it is easy to get influenced and it is possible to recover, he said that it is easiest to just say "no" and not lose precious years to this evil.

Bank, Khondoker Romy Ehsanul Huq, appreciated the effort the students put into their essays. He advised the youngsters to spread their words among their friends to put them off from taking drugs.

Following that, renowned magician Jewel Aich delivered his speech through magic. He told the story of Kobi, a boy who had lost his parents at a young age. Using a long piece of thread to represent the hopes and dreams of the boy, he demonstrated how devastatingly drugs ruin young individuals. As Kobi became addicted to drugs, the thread got smaller and smaller until there was absolutely nothing left. It was only when Kobi

renounced drugs that the thread miraculously was put back as a whole as before.

Abdul Qayyum, Associate Editor of Prothom Alo, sympathised with users who suffered loss or tragedy as they may have latched onto drugs because they were hormonally imbalanced. He said that those periods are hard and afterwards trying to go without drugs is also tough due to withdrawals. However, he said that despite these hurdles, it is possible for anyone to give up drug abuse.

Syed Manzoorul Islam, Professor of English at the University of Dhaka, stated his firm belief that the Bangladeshi youth has the potential to progress. However,

one of the major roadblocks in their path is drug addiction. He expressed his faith in the youth and belief that they can overcome this challenge.

After the moving speeches, prizes were given away by the honourable guests. First prize winners, Nafisa Tasnim Ishrak from group A and Noshin Tuba from group B were awarded with BDT 15,000 worth of books. Shudipto Chakraborty from group A and Md. Mahir Moshir Mim from group B were second prize winners, each receiving books worth BDT 10,000; and third prize winners Najeeb Ahmed Bhuiyan from group A and Fariha Ferdous from group B received books worth BDT 5,000. Furthermore, all winners were presented with certificates and gift hampers.

Just as the event was about to end, acclaimed actress, Aupee Karim, made a last minute entrance. She spoke of the ills of drug abuse and made everyone present pledge against it. The programme then ended on a pleasant note after iftar boxes were distributed to those who attended the programme.

3rd IEEE Bangladesh Section Student/YP/WIE Congress 2015

SAIMA TAZREEN RINITA

The 3rd IEEE Bangladesh Section Student/YP/WIE Congress 2015 took place on June 13, 2015 at United International University (UIU). Hosted by IEEE UIU Student Branch, the SYW Congress 2015 was probably the largest networking session among all the young IEEE enthusiasts of Bangladesh yet.

With over 200 delegates, UIU was host to IEEE enthusiasts from American International University Bangladesh (AIUB), Ahsanullah University of Science and Technology (AUST), BRAC University, Bangladesh University of Engineering and Technology (BUET), Dhaka University, East West University (EWU), Independent University Bangladesh (IUB), Islamic University of Technology (IUT), Military Institute of Science and Technology (MIST), North South University (NSU), University of Information Technology and Sciences (UITS) and State University of Bangladesh (SUB). The guests present at the programme were Dr. M. Rezwan Khan, VC of UIU; Dr. Shaikh Anowarul Fattah, Chair of IEEE BD Section; Dr. S.M. Luftul Kabir, Dean of School of Science and Engineering of UIU; Dr. Raqibul Mostafa, Head of the Dept. of EEE, UIU; Dr. Khawza I. Ahmed, Chair of Awards and Recognition Committee of IEEE BD Section and Professor, Dept. of EEE, UIU; Dr. Fayyaz Khan, Prof. of Dept. of EEE,

UIU; Dr. Celia Shahnaz, Chair of WIE Affinity Group of IEEE BD Section; Dr. Tishna Sabrina, Assistant Prof., Dept. of EEE, UIU and Counselor of IEEE UIU Student Branch; and Nadeem Chowdhury, Lecturer, Dept. of EEE, UIU and Mentor of IEEE UIU Student Branch.

The event took place in three

by Soumitra Roy Joy, Lecturer, Dept. of EEE, BUET. The session also included an Open Panel Debate among the executives of various IEEE student branches conducted by Nadeem Chowdhury, Lecturer, Dept. of EEE, UIU.

Session 2 of the congress initiated after lunch with a talk conducted by Dr.

panel of judges was set up to decide on the top 3 winning ideas. A short speech was given by the platinum sponsor of the IEEE BDS SYW Congress 2015, the Super Star Group (SSG). The session continued on to another talk conducted by Dr. Fayyaz Khan, Prof. of Dept. of EEE, UIU and spoken by Prof. Dr. S.M. Luftul Kabir, Dean, School of Science and Engineering, UIU. It also included a WIE Program, conducted by Dr. Celia Shahnaz, which included 3 segments, one of which was spoken by Dr. Jesmin, Professor, Dept. of Genetic Engineering & Biotechnology, DU. Session 2 of the congress concluded with the largest interactive session yet, "The Level-up Challenge".

The closing session of the event began with a certificate giving ceremony for the idea presenters and the presenters for the best event plan. IEEE UIU Student Branch also hosted a wonderful cultural programme in which IEEE student branches of UIU, AIUB, AUST, MIST and IUB participated along with an amazing performance by the Blue Poppers of Bangladesh. During the grand buffet dinner, a raffle draw segment and the prize giving ceremony for the interactive session completed the daylong event.

IEEE UIU Student Branch is very happy to have been able to host the biggest IEEE event of our country successfully and thanks all the other IEEE Student Branches of Bangladesh for being such wonderful and enthusiastic participants.

consecutive sessions. Session 1 of the programme included presentations of the Activity Plan of 2015 by the IEEE Student Branches of 9 universities and moved on to an ice breaking session and a quiz contest. Part of the session was a short segment for the Young Professionals of IEEE BDS conducted by Kanak Dutta, Lecturer, Dept. of EEE, BUET and spoken

Raqibul Mostafa, Head of the Dept. of EEE, UIU and spoken by A.K.M. Al-Amin, Deputy Director, Head of Regional Operations Technology Division, Grameenphone Ltd. After that, 5 qualifiers of an idea contest on "Technological Solution of Our Country's Extreme Problems" gave short presentations of their respective ideas. A
