Open garbage containers and vans turn half the road in front of the Paikpara government staff quarters in the capital's Mirpur into a dumping station, creating traffic jams and tormenting commuters. Such a sight is common throughout Dhaka city. The photo was taken recently.

Supermarket areas.

Momena Begum, a resident of
Taltola who was going to drop her
daughter at school, said she saw the
road being used as a temporary
dumping station for the last one
year.

People who use this road have to
endure the bad smell daily, she said,
calling on the authorities to stop using
the spot on the busy road as a

dumpsite.

This is not all the commuters go
through. There are people who
often relieve themselves on the
footpath, making the place even
dirtier.

When asked, officials of both the
city corporations blamed land scarcity,
which "compelled" them to keep
garbage containers in the streets.

Acknowledging public sufferings,
DSCC Chief Waste Management
Officer Capt Raquib Uddin said if
secondary transfer stations could be set
up at every ward, this problem would
go away.

He said DSCC had taken initia-

tives to set up seven transfer
stations at Hazaribagh, Jatrabari,
Jurain, and Panthakunja on a pilot
basis but was receiving objections
from locals, as many mistook the
transfer stations, where garbage is
stored in a confined environment
until being transported to landfills,
for dumpsites.

DNCC Superintendent Engineer
(the garbage management depart-
ment) Mesbahul Karim said they had
sent letters to different government
organisations requesting them to
allocate their unused lands for
construction of transfer stations at 23
places.

against the minister concerned.

Meanwhile, in a statement,
Khaleda expressed deep concern

over the death of a BNP leader,
Mosleh Uddin, in custody on
Saturday night, terming it unnatural
and demanding a fair judicial inves-
tigation.

She alleged that the deceased was
not provided treatment after falling
sick and that some arrested leaders
and activists were dying due to
torture.
