I rarely give my best in films

...Amanda Seyfried

Actress Amanda Seyfried has revealed she "rarely" gives her best in movies and finds working on stage much harder. The 29-year-old "Mean Girls" star, who is currently starring in off-Broadway show "The Way We Get By", said she works harder on stage as it is difficult to hide "laziness" in theatre, reported Marie Claire magazine. "You can hide laziness in film, you can't hide on stage. You don't want to do that to people who have spent USD 100-400 on a ticket. You want to tell the story. I don't want to give anything but my best, and in films I rarely give my best," Seyfried said. The "Dear John" actress said working in theatre is "tough" and requires a lot of sacrifices.

Police to lodge FIR against star cast of 'MOHALLA ASSI'

A local court in Muzaffarpur has asked the police to lodge an FIR against the star cast of the movie 'Mohalla Assi'. The court has asked the Mohammadpur Police to lodge an FIR against film actors Sunny Deol, Ravi Kishan, Sakshi Tanwar and six others for allegedly abusing Hindu gods in their film. The movie, which

has not been released at the cinema houses following the orders of a Delhi Court, has scenes where in Lord Shiva, goddesses and pandas of Kashi are being called by names. The film is a satire on the commercialisation of the pilgrimage city of Varanasi and the fake gurus who lure the foreign tourists.

Chris Evans, Elizabeth Olsen are dating

Actor Chris Evans has been quietly dating Elizabeth Olsen for a few months while filming "Captain America: Civil War". The co-stars have been dating for months, reported Ace Showbiz. "Chris and Lizzie are definitely involved in some kind of ultra-secret romance that's being kept under wraps while they shoot," a source said. "The attraction between them has been there from day one." The 34-year-old "Captain America: The First Avenger" actor allegedly wants his personal life to be very private.

"Chris is paranoid about his womanising becoming public while he's on this multi-picture deal with Marvel. He's protecting his image, and will bend over backwards to keep things quiet," the source added. Back in March, Evans was rumoured to be dating Lily Collins. They reportedly hooked up after meeting at the star-studded Oscars after-party hosted by Vanity Fair in February. Olsen, 26, ended her engagement to Boyd Holbrook in January after two years together.
