

People of 4 former enclaves get satellite clinic

They will provide birth control, maternal health services

OUR CORRESPONDENT, Nilphamari

The family planning (FP) department in Nilphamari yesterday launched satellite clinic service in four former enclaves in the district for enrolling eligible couples and providing logistic support and advice to them for developing planned families through birth control and maternal health care.

The four enclaves are Boro Khanki, Nagor Zigabari, Gitaldoho and Boro Khankibari Kharija Gitaldoho.

In the daylong camp, the FP officials first enrolled 130 capable couples, of whom 106 couples expressed their desire to adopt family planning methods in phases, said sources.

Jinna Begum, 30, wife of Moksed Ali, 40, of Nagor Zigabari enclave, and mother of five sons, said that she gave birth to so many children as she didn't get any opportunity to avail family planning methods.

Now she is happy as she was enrolled by Moslema Begum, a family welfare visitor (FWV) to the satellite clinic, to be sterilised in the upazila family welfare clinic next week for permanent birth control.

children, said she came secretly to Bangladesh before the enclave was merged with the main land for adopting implant method for two years birth control hiding her identity, but Bangladeshi officials refused to do so as it was illegal.

She was happy as her desire was going to be fulfilled due to the satellite clinic.

Housewives Rina, 19, and Fatima, 20, collected birth control pills, while Rozina and Laily were given Diprovera injection for

temporary birth control.

While visiting the satellite clinics, this correspondent found curious couples asking the FP officials about various birth control methods and their effects on the body, if any. The FP officials were patiently answering their queries.

Many pregnant women are taking anti-natal service (before child birth) from FWVs.

"In fact, there was a festive mood all around as the couples were enthusias-

tic," said Mokbul Hossen, upazila family planning officer of Dimla.

Afroza Begum, deputy director of family planning department in Nilphamari, said that satellite clinics would be held in all the four former enclaves every month.

Pregnant women of the enclaves would get priority for normal delivery in nearby union family welfare centres. In case of delivery complexities, FWVs would help mothers to shift to nearby hospitals,

Land grabbers destroy madrasa houses

OUR CORRESPONDENT, Pirojpur

The land of Bowdubi Rabeya Khatun Hafizia Madrasa at Bowdubi bazaar under Zianagar upazila in the district has been occupied by some people claiming to be the owners of the land.

The madrasa is situated in front of a temporary police outpost, which is housed at the Parerhaat Union Parishad building.

Students of the madrasa and locals said 50-60 youths, mostly Chhatra League men and activists armed with sharp weapons, entered the madrasa campus at around 9:00am yesterday when around 150 students were attending classes.

The youths were led by a few people who claimed to

be the owners of the land.

After chasing the students away, they vandalised the two wooden houses of the madrasa and began to build a boundary wall around the 27 decimals land of the madrasa.

Students and locals alleged that at that time, Md Mizanul Haque, officer-in-charge (OC) of Zianagar Police Station was present with some of his force.

Denying the allegation, the OC said that after hearing the news of vandalising of the madrasa, he rushed to the spot and stopped the construction work of the boundary.

But when this correspondent along with some other newsmen visited the spot yesterday noon, they found that the construction work was going on.

Police stopped the construction work at around 2:45pm.

A madrasa source said there are around 500 students there. During the attack, Md Amirul Islam, superintendent of the madrasa, left the scene for fear of being attacked. He said he was feeling insecure in the area.

Amirul said over cell phone that the madrasa authorities had bought the land from Al Amin and Mofizul, sons of Shahjahan Sardar.

"The madrasa authority has the deed and also deed of gifts of the disputed land. The attackers have occupied it illegally," said Md Anwar Hossain, former secretary of the madrasa.

"Locals will not tolerate occupation of the madrasa land if proper steps are not

taken against the occupation," said seventy years old Ohidul Alam Talukder. "Hundreds of students are learning Quran in this madrasa," he added.

"The attackers have occupied the land illegally. As a case is pending with the court, the court will decide who is the legal owner of the land," said Md Shah Alam, president of the managing committee of the madrasa and also the chairman of Parerhaat UP.

He also alleged that the administration is playing a silent role and did not take any step to save the wooden houses of the madrasa.

"We have stopped the construction work of the wall after getting information," said Md Walid Hossain, superintendent of police (SP) in Pirojpur.
