

Sonargaon's Bento

Judging from the growing interest in healthy diets, the notion of bentos is definitely trending. Pan Pacific Sonargaon Hotel's signature restaurant Jharna has been a renowned eatery -- particularly well-known for its grills and steaks -- for quite some time now. During lunch, it is the Japanese Bento Lunch Box that has become very popular for the office-goers in and around the hotel.

Bento is a single-portion takeout or home-packed meal common in Japanese cuisine. A traditional bento holds rice, fish, meat and pickled or cooked vegetables, usually in a box-

shaped container. You also have the option to choose from chicken or beef teriyaki. And you also have a delicious assortment of fish tempura and miso soup. For those careful about calorie consumption, the bento is a good option. Whether you are on a diet or that you love Japanese cuisine and want to have a delicious lunch, Sonargaon's Bento Box is for you.

So, go and grab your box now to enjoy the Japanese Bento promotion going on at Pan Pacific Sonargaon Hotel. For more information, please call 9128008.
