Bomb-like substances in doctor's room create panic at DMCH

STAFF CORRESPONDENT

Shahbagh police found two bomb-like substances in the room of a doctor in Dhaka Medical College Hospital yesterday morning.

Associate Prof Debesh Chandra Talukder of the ENT department told The Daily Star that he worked till 2:45pm on Wednesday and then left after locking the room on the first floor of the outpatient department.

The staff, who work at his room, opened it in the morning and found a bottle and a can -- both wrapped with red scotch tapes. Later, police rushed to the spot.

The bomb disposal team of the Detective Branch of police took away the substances.

a fugitive.

Tarique has been staying London since 2008.

Police filed the charge sheet against him on Tuesday for "masterminding" an arson attack on a bus in Gazipur on January 21.

Nazrul said the "false" and "imaginary" charges were filed to divert people's attention from the government's misrule and to create obstacles to reform in BNP.

"The charge sheet was filed at a time when the government is embarrassed for conflict inside the party as well as in the alliance, when the people are fed up with murder, abduction, violence against women and when grabbing of Hindus' property crossed all records," he said.

Claiming Tarique to be innocent, Nazrul said police did not mention his name in the first information report (FIR) of the Gazipur arson attack but rather included him later.

Referring to the charge sheet, he said, "It said Tarique Rahman had instructed his personal assistant [Lutfur Rahman Badal] and the son of Gazipur city's mayor from London to carry out the arson attack, but we want to make it clear that Tarique had no PS by that name and neither of the two had relations with BNP."

BNP standing committee members Moudud Ahmed, Hannan Shah, and Gayeshwar Chandra Roy were also present at the press conference.
