

The usual hustle and bustle of Dhaka city will return in a couple days with people streaming back into the capital yesterday following Eid-ul-Azha celebrations. But unlike previous years, the city dwellers did not suffer from long tailbacks although the trains, buses, and launches were packed. Even their journeys home before the Eid had taken long hours. The photo was taken at Kamalapur Railway Station. PHOTO: STAR

Govt pry school principals want status upgrade

STAFF CORRESPONDENT, Ctg

The headmasters of government primary schools of Chittagong yesterday demanded that they be made class 2 gazetted officials from the existing class 3 employees.

The call came against the backdrop of the recent endorsement of the eighth national pay scale for government staff and officials, where their status remains unchanged.

Kaiserul Alam, convener of the Chittagong district unit of the Association of Headmasters of Bangladesh Government Primary Schools, said they want to be upgraded into the 10th grade from the 12th grade in the pay scale.

Addressing a news conference at Chittagong Press Club, he said Prime Minister Sheikh Hasina announced on March 9, 2014 that their status would be upgraded to class-2 gazetted officials from class 3 employees.

"But the salary structure of the headmasters has still not changed," he said.

The association demanded that the government meet their demands by September 30.

Otherwise, they will observe work stoppage from October 3 to October 5 and will not sit on their chairs from October 1 to October 10.

The headmasters also threatened to observe work stoppage during the Primary School Certificate (PSC) examination scheduled for November.

Students to pay fees through e-banking soon

BSS, Dhaka

Banks will introduce a technology-based system for collecting various fees from students across the country. The system will include online banking, mobile financial services, card-based payment system and standing instructions.

Bangladesh Bank (BB) on Sunday issued a directive to the chief executives of all scheduled banks asking them for taking necessary steps to replace manual collection system with tech-based banking services.

The central bank said the new system would initially be introduced at all educational institutions at district levels, and the coverage of such payment system would be widened up to upazila and union levels in phases.

It advised all banks to sign memorandums of understanding (MoUs) with the respective schools, colleges and other educational institutions for providing students and their guardians hassle-free fee paying services.

The central bank further said the tech-based fee paying service would be implemented through bank accounts, mobile wallets (mobile banking accounts), online, debit and credit cards and standing instruction.

Student under 18 years of age would open "school banking accounts" and the student who are older than 18 years would open savings or current accounts. The accounts of guardians could also be used for paying fees, BB said.

Besides paying fees, the accounts would also be used for disbursing money to the respective students against their stipends and scholarships.

Information about all transactions including payment of school fees would be sent to the mobile phone of the respective student or their guardian, the central bank said, adding that there should be no additional charges for providing all these services.
