

70,000 youths to get jobs in hi-tech park

Says State Minister Palak while laying foundation to its third block at Kaliakoir

BSS, Gazipur

State Minister for Information and Communication Technology Zunaed Ahmed Palak yesterday said nearly 70,000 youths would get employment opportunities in the next 10 years at the Kaliakoir Hi-Tech Park.

"It will be a specialised economic zone and the lifeline of the country's IT sector. A world-class business environment will be created for the local and foreign investors in the park," he said, addressing a programme organised to lay foundation to the third block of the park.

Palak said the government is committed to building the Kaliakoir Hi-Tech Park; the initiative was undertaken in 1999 under Public-Private Partnership.

Palak said, "We are approaching with a dual strategy to attract investments through Foreign Direct Investment (FDI) and provide state-of-the-art facilities to the Bangladesh based IT/ITES industry."

Boy takes fatal fall into septic tank

Body recovered after four hours

OUR CORRESPONDENT, Savar

The body of a boy who fell into an open septic tank was recovered after a four-hour long effort in Purba Vadail of Ashulia, on the outskirts of the capital, yesterday.

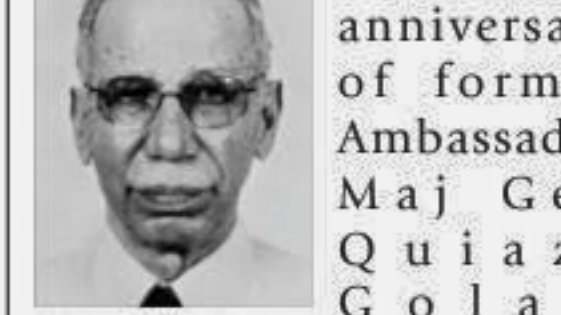

The boy was Md Yasin, 8, son of Md Zamin Uddin of Kishoreganj.

Quoting locals, Md Abdul Hamid Miah, senior station officer of Fire Service and Civil Defence, Dhaka Export Processing Zone said Yasin fell into the tank while playing on a field near his house.

Fire fighters rushed to the area and recovered the body after four hours, he said.

2 Bangladeshis win WFP drawing match

STAFF CORRESPONDENT

Two Bangladeshi primary school students were selected to receive US \$100 each while their respective schools US\$200 in a UN World Food Programme (WFP) drawing competition.

Asked to imagine a world with "Zero Hunger: Infinite Possibilities", Sreyoshi Bagchi, 10, and Lamisa Imroz were selected among top contributors worldwide and also awarded certificates at a recent workshop on school feeding in Bangladesh.

"A world without hunger is within our reach," a WFP press release yesterday quoted WFP Bangladesh Representative Christa Räder as saying at the workshop.

Every year, WFP invites children from its school feeding programmes to participate in the competition. This year, thousands from 23 countries took part.

In Bangladesh, 3.5 million primary school students receive a snack daily through a government feeding programme supported by WFP.

development of the 2 lakh people of haor regions spread over seven north-eastern districts.

The government has already adopted a 20 year master plan for the development of the 2 lakh haor people, which will have 154 projects with an estimated cost of Tk 28,000 crore.

The planning minister said Tk 300 crore would be spent for providing temporary income opportunities to the haor people during the three to four months when they would not have any work.

In addition, Tk 75 crore will be spent for sanitation, nutrition, and pure drinking water, and Tk 100 crore for road construction, he added.

The minister asked the head of the

Department of Bangladesh Haor and Wetlands Development to design and submit projects to utilise the Tk 475 crore fund.

AKM Musa, country director of Concern Worldwide, said if lands, sweet water and population of the haor regions could be used properly, they would become a blessing for Bangladesh.

State Minister for Labour and Employment and Chairperson of APPG on Haor Livelihoods M Mujibul Haque Chunnun recommended coordination among government and non-government organisations who are working on haor development and extra allowances for government employees to encourage them to work in these remote places.
