

## STYLE ICON LIZA

Very few artists can create a buzz so great that they are known by the name of their work, and Liza is one of those rare few. She came to the limelight through the Close-up1 reality show. Since then, she has launched her debut album Pagli Suraiya and amazingly enough all her fans know her by this name. It's hard not to get swept up by the hype really; with her heart melting beauty, melodic voice, her zany music videos, and a great sense of style to boot. She is this week's Showbiz Style Icon.
