Cascade Lounge launches new menu

Amari Dhaka's Cascade Lounge - located at its lobby - has launched a new menu. It is available 24/7.

At a time when many restaurant chains have moved away from preparing their food from scratch in the name of efficiency and consistency, Cascade gives importance in running that extra mile - making fresh food daily, by hand, from scratch, and cooking with quality ingredients.

Long-standing favourites are still on the menu, such

as Caesar salad, sandwiches, wraps, paninis, pastas and pizzas. These popular dishes are joined by new options, including pan-seared sea bass and baked chicken breast stuffed with turkey bacon, mushrooms and herbs. On the counter is a selection of cakes, cupcakes and macaroons.
