

STYLE ICON

MILA

Known for her signature on-stage flair and vivacious performances, Mila is a household name in the folk-fusion genre of Bangladesh. Bursting into the mainstream music scene back in 2006 and continuing to uphold her popularity amongst the crowd with consecutive hit albums, and songs isn't easy, but she does so effortlessly. Her flair comes from not only her unique voice, but also the way she presents herself. She is always active and her styling sense matches that of her persona. She is this week's Showbiz Style Icon.
