

STYLE ICON

BIJORI BARKATULLAH

has been an actress, singer, dancer and model of Bangladeshi media for over two decades. She started acting with the drama, "Shukher Chharpotro", directed by her father Mohammad Barkatullah in 1988, but she truly came to the limelight through Humayun Ahmed's drama series 'Kothao Keo Nei'. For a new actor to enter a cast of established performers such as Subarna Mustafa and Khairul Alam Shobuj was not an easy job to do but she did it and did so memorably. Since then, she has been one of the brightest stars of the golden period of Television and it's not hard to see why. She has the looks, the talent, and the styling sense to back it all up. She is this week's Showbiz Style Icon.
