

Welcome to our wide horizon

Our fundamental promise is 'touching lives and building capabilities'. 'Touching lives' through relevant infrastructure development or by making products and services available based on customer insights. 'Building capabilities' by developing a people-oriented organization that is committed to get the desired results by being responsible and creative, by ensuring excellence in execution and operation, by applying appropriate technologies, human ingenuity and creativity and by collaborating and seeking opportunities for development and growth.

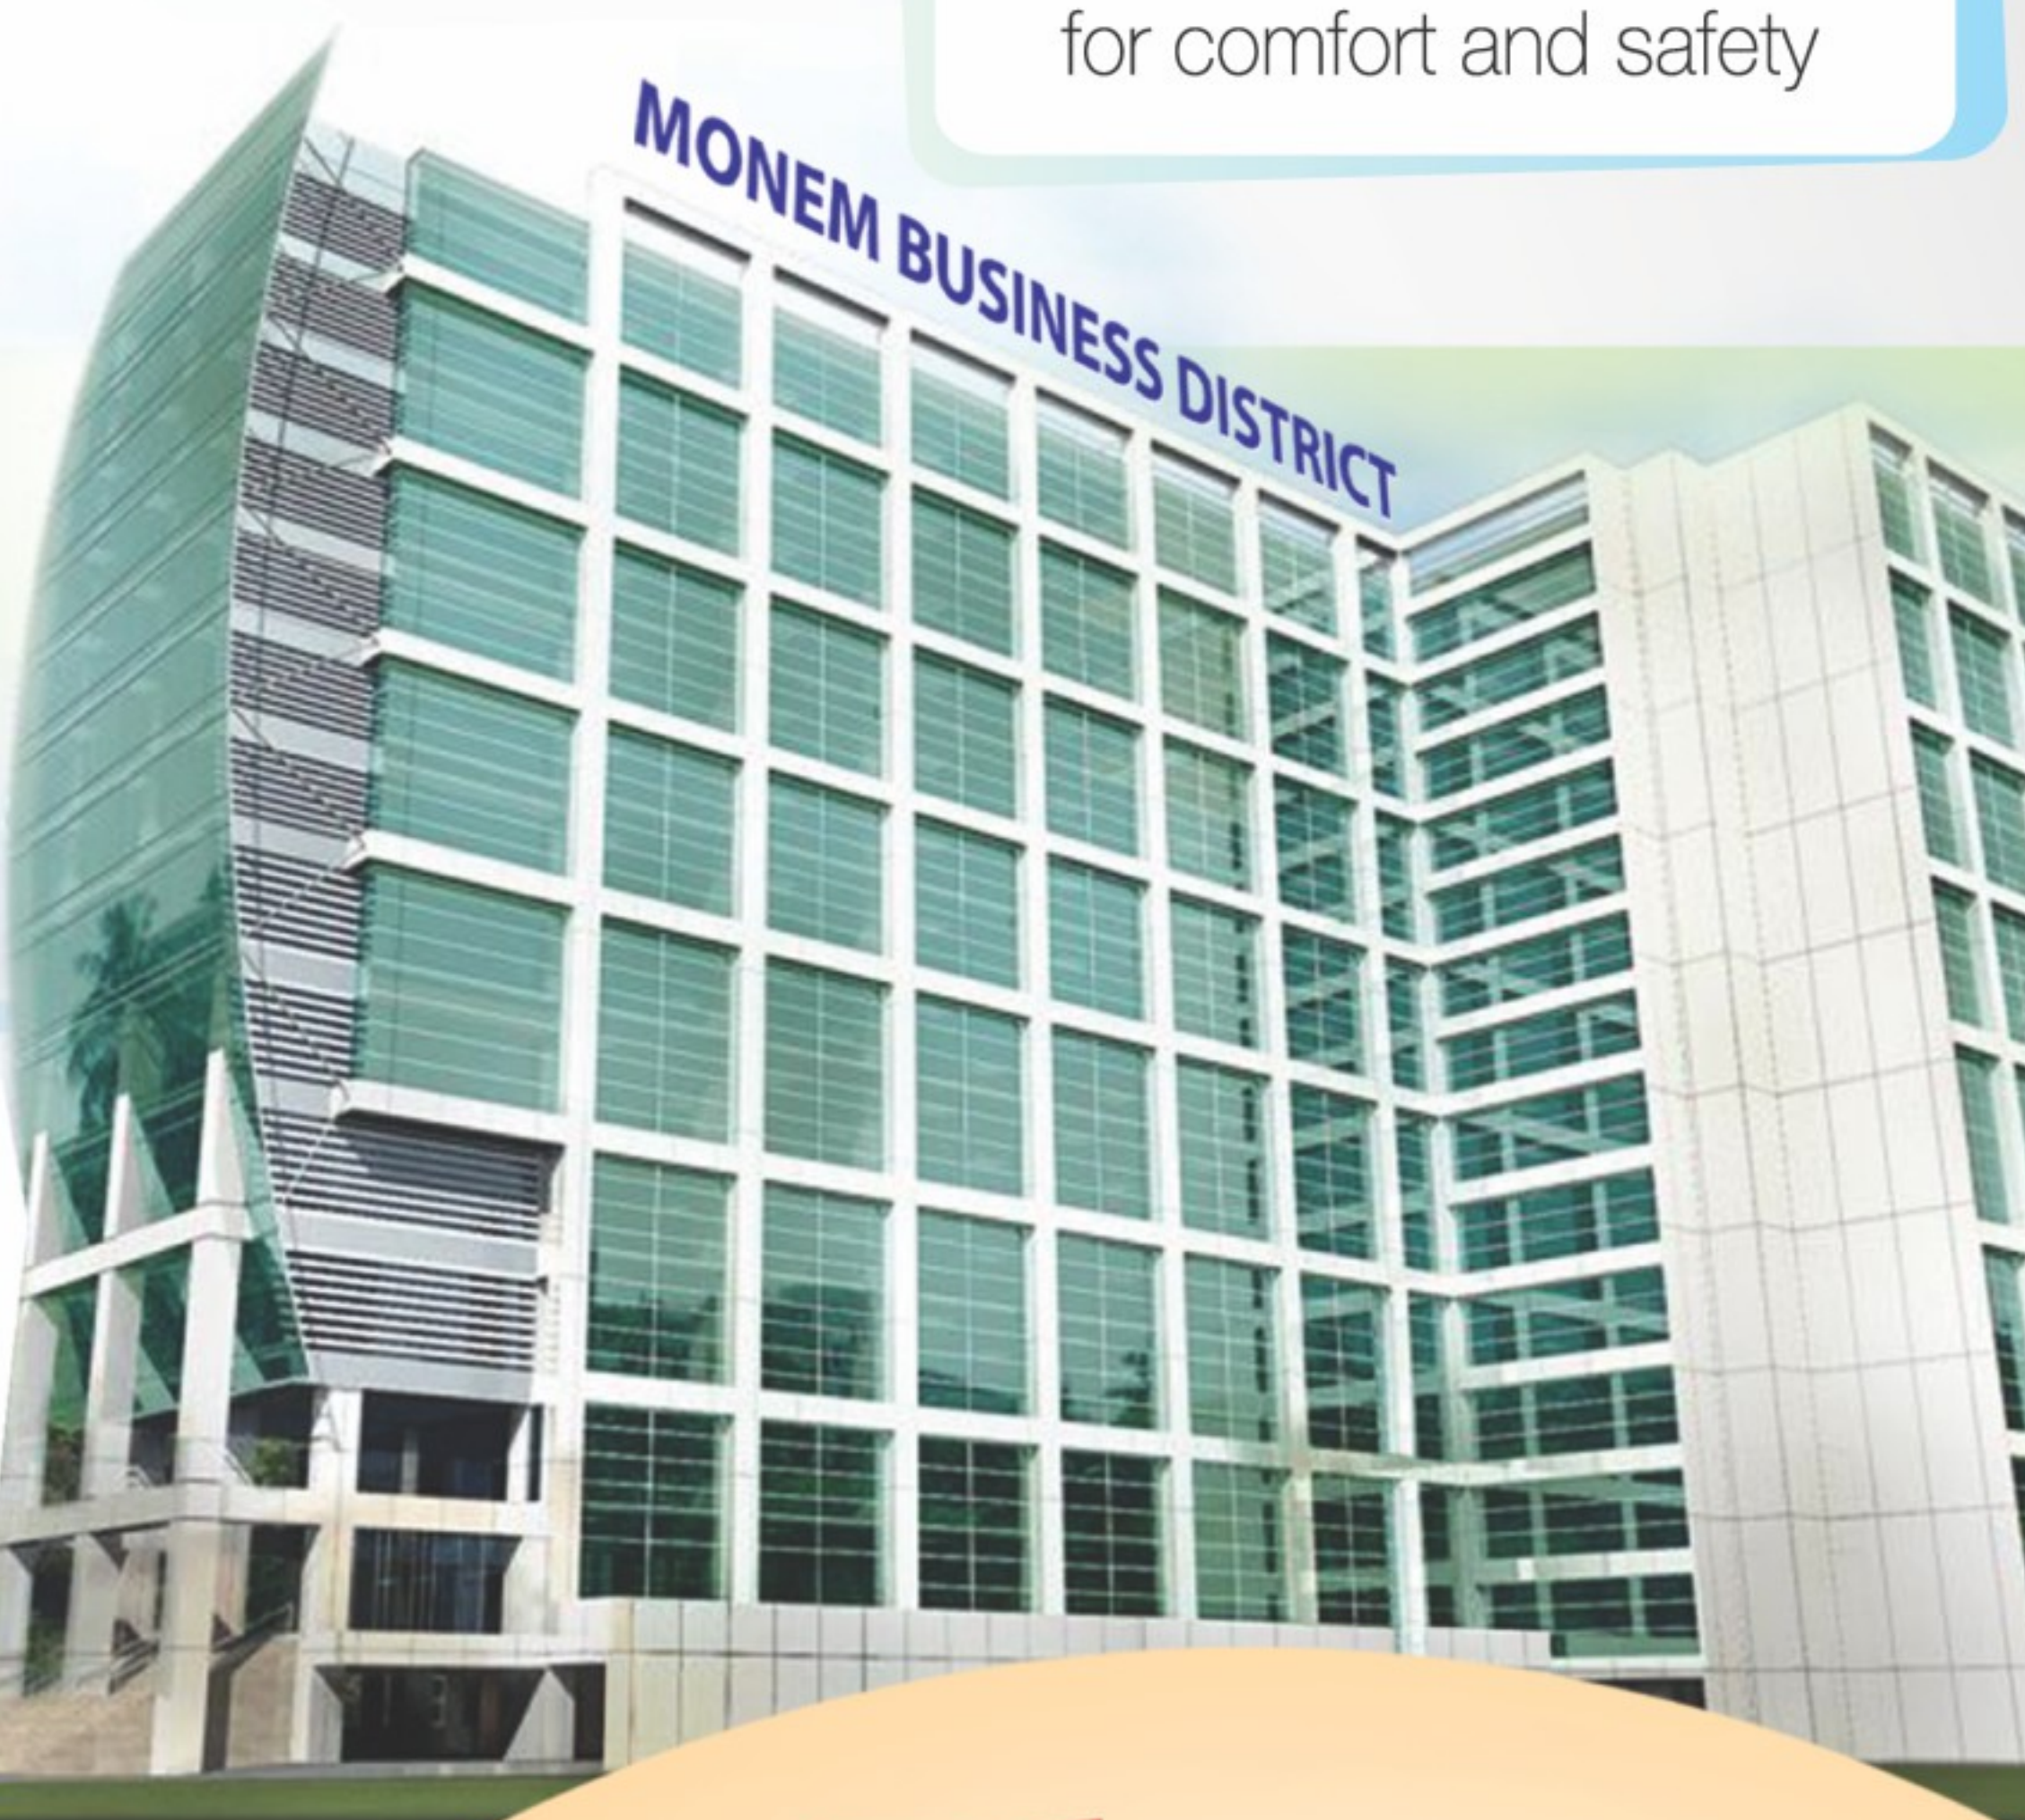

We built the nation carefully for comfort and safety

World's largest international brand trusts us

Building designed exclusively on scientific principles for creativity

We maintain the highest quality of medicine manufacturing

A charm of life is upgraded by serving the leading international fast-food chain

AML's history has been consistently successful in growth through continuous and prudent investments in the future. AML has won "Best Bottler Award" for our Beverage Unit and "IFAWPCA" gold medal for our construction unit. The Chairman won "Business Person of the Year", and "Longest TAX & VAT Payer" from the Government of Bangladesh. AML is one of the key-players in participating in social welfare. Its core socially responsible activities include providing primary and secondary education, helping save children from malnutrition, providing safe water and participating in tree plantation.

DMD Message

Established in 1956, Abdul Monem Limited is one of the leading business conglomerates of Bangladesh. For over 50 years, the company grew availing the opportunities of global scope of Bangladeshi business and has successfully implemented numerous projects. AML now has one of Bangladesh's broadest portfolios of business ventures.

The company takes pride for its construction unit which is credited for implementing a large number of landmark installations for the Government.

The company has established business units to produce sugar, ice-cream, to bottle and distribute Coke products, and many other consumer products.

Our fundamental promise is 'touching lives and building capabilities'. 'Touching lives' through relevant infrastructure development and/or by making products and services available.

We promise to build our nation to be a stronger one.
