There is a quote by Henry Brooks Adams, a famous American Historian that says, "A teacher affects eternity; he can never tell where his influence stops". Today's chronicle is about the 'Teacher of Teachers', Professor Dr. Muhammad Badruz Zaman, popularly known as Dr. M.B. Zaman, Doctor of Medicine (M.D.), Fellow of the College of American Pathologists (FCAP), who is devoted to providing services to mankind. The expatriate Bangladeshi pathologist, living in the USA for over 45 years, has been working hard to improve the quality of cancer diagnosis in Bangladesh, for over a period of 23 years.

Read this week's spotlight on pages 8 and 9 to know how the pioneer has been creating generations of medical practitioners to serve the cancer affected people of Bangladesh.
