KARNAFULY SHIP BUILDERS LIMITED

&

VOSTA LMG-KARNAFULY Joint Venture Consortium Limited

Profile of KSBL and VKJVCL

Karnafuly Shipbuilders (Pvt) Ltd (KSBL) having one of the largest privately owned shipyards in Bangladesh was established in 1994. The shipyard fully equipped with machine shops and 2 slipways each with a length of 650 feet. Two vessels each up to 3,500 tons can be docked at a time over the slipways.

Services rendered by KSBL are- design, drawing and building of Dredger, Tug, Barge, Cargo Ship, Fishing Trawler, Passenger Vessel, Patrol & Pilot Vessel, Crew Boat, Naval Craft, etc. KSBL is the pioneer of building Tug Boats and Dredgers in Bangladesh. During the last 21 years, KSBL has repaired/renovated more than 600 vessels and built 200 new vessels of various types.

In 2009 KSBL formed a Joint Venture Consortium with VOSTA LMG BV, a world renowned Dutch-German Company in dredger technology. Later on, this Joint Venture Consortium was incorporated in Bangladesh having 100% Bangladesh Directorship. Now the company is engaged in building Cutter Suction Dredger, Tugboat, Work boat and other support vessel of dredger bearing the title,

VOSTA LMG-KARNAFULY Joint Venture Consortium Limited (VKJVCL)

So far, this company has manufactured 9 x CSD 450, 4 x CSD 500, 5 x CSD 650 with other ancillary crafts and pipe line.

The only private owned dry dock in Bangladesh is under construction by KDDL a sister organization which would accommodate vessels up to 100,000 dwt. After completion of the "Karnafuly Drydock", huge capacity for repair of ocean going vessel will be developed in the country. This will facilitate huge foreign currency earnings, generate employment thus will contribute to GDP growth of the country.

বাইরে দেখতে এক, ভেতরে বিপদ অনেক!

ফিলিপস-এর নির্দিষ্ট আউটলেট থেকে শুধুমাত্র
আসল ফিলিপস প্রোডাক্টই কিনুন।

নকল প্রোডাক্ট বাইরে থেকে দেখতে এক
কিন্তু ভেতরের খারাপ গুণমানের যন্ত্রাংশের কারণে খুবই বিপজ্জনক।

ফিলিপস-এর ওয়ার্ডমার্ক নকল করা একটি আইনত দণ্ডনীয় অপরাধ।

PHILIPS
