

“Friends.
College friends.”

My friend recently got enrolled in a university. He will experience “college” now. I am happy for him. It's not every day that someone

close to you steps into a new stage in life. I'm not saying like he's getting married or something, but really, you should see him. He's so excited. The classes haven't started yet and he's making friends. Yeah, he's that good.

But more importantly, some of his new “friends” are making him upload selfies on Facebook. The good side? They're at least feeding him well. I'm happy for my friend.

THIS WEEK'S
HORRORSCOPE

ARIES

How deep is your love? Too deep apparently.

TAURUS

Ignorance is bliss. So if people ignore you...

GEMINI

Be comfortable in your own skin. Also, get some new skin.

CANCER

Your love life kind of lives up to the zodiac – it grows and grows, then it dies.

LEO

Why tf you lion? Why you always lion!?

VIRGO

What is up with all these love horoscopes jeez?

LIBRA

Romantic times lie ahead. For other people.

SCORPIO

You have no future.

SAGITTARIUS

Mercury is in Saturn so Uranus is nice.

CAPRICORN

Might be nice to get away for a day or the weekend. Or forever.

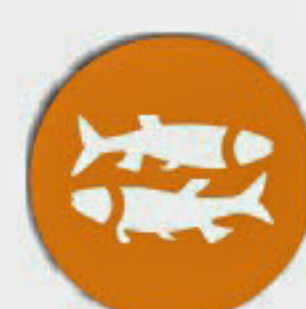

AQUARIUS

You'll be in a lot of self-denial this week but you're better served with self-hate.

PISCES

And your love life is literally breaking into pisces. Like a PUNch to the face eh?

APP REVIEW

**Alto's Adventure
 A SNOWY EXPERIENCE**

SALMA MOHAMMAD ALI

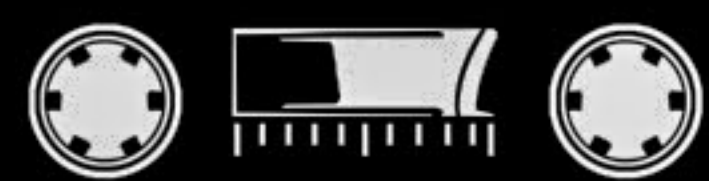

Platform: Android

Set in a snowy, mountainous terrain, Alto's Adventure is about a snowboarder on an adventure through woodlands and the wilderness. This snowboarding character must make his way through an icy terrain while collecting coins, rounding up llamas and earning points by accomplishing small tricks such as back-flip landings and jumping over threatening rocks and chasms. The controls are pretty basic too - tap to jump. Some upgrades are up for grabs but must be earned by gaining points and not through in-app purchases. Each level brings a new set of goals and accomplishing certain tasks in a chain gets you extra points. Later in the game you can unlock six different

snowboarders with unique abilities.

Alto's Adventure sounds rather simple and is essentially that but what really makes it stand out is the beautiful, spot on visuals and graphics which are nothing short of art. Add to that a soothing, lovely soundtrack (headphones highly recommended) and Alto's Adventure is more than a basic snow surfing game - it's a relaxing and pleasing gaming experience. The artistic scenery in the background, fluttering birds and changing weather with sudden rainfall seem to work wonders for this game. The changing of day to dusk with a realistic sunset draws you in. This game is definitely a must try if you're fussy about visuals and effects but be warned, if you like your games extra challenging or action-packed then Alto's Adventure will probably come off as a bit too simple.
