

Vin Diesel turns nostalgic; writes tribute to Paul while filming

## FAST 8

While the 'Fast and Furious' saga continues, actor Vin Diesel has gone into a nostalgic mode. The 'XXX' actor recently shared a post from the past – alongside Paul Walker, who was a key actor of the 'Fast & Furious' franchise. The filming for the 8th movie has already started and it's set to hit theatres on April 14, 2017.

Vin Diesel wrote these beautiful lines

on his Instagram page: "Many of the crew members who have worked on several of the past Fast films are here again to help us make something special. One of them at the end of the week came up to me and said 'Wow! What we are capturing on film is excellent!'... And then looked at me and said Paul would be proud."

## WILL THERE BE A HOUSEFULL REUNION?

As days are nearing for the release of the third instalment of 'Housefull', starring Akshay Kumar, Abhishek Bachchan, Riteish Deshmukh, Jacqueline Fernandez, Lisa Haydon and Nargis Fakhri, on June 3, producer-director Sajid Nadiadwala has been flooded by an unusual request. He has been asked to hold a special screening, only for the cast of the previous two instalments. The "Housefull" franchise has always had a

superb ensemble cast, and names that were part of the earlier films, include Deepika Padukone, John Abraham, Asin, Rishi Kapoor, Randhir Kapoor etc. The members of the earlier films were looking forward to 'Housefull 3', and had requested Sajid to arrange for a special screening. The film's spokesman reportedly confirmed, saying, "The teams of the first two instalments are in conversation with Sajid for a screening."

## 10 men sleep outside my house: Jennifer Lawrence

Actress Jennifer Lawrence has revealed there are around 10 men who 'sleep outside' her home waiting to get pictures of her. The 25-year-old 'X-Men: Apocalypse' star finds it difficult to wake up with the same people standing outside her door desperate to get pictures of her but doesn't 'really like to complain' about it because people say she is not being appreciative of her fame.

"There are 10 men sleeping outside my house and I see them every morning and it's not lovely. We don't really like to complain about it because if we do people go, 'Shut up, millionaires.' and say, 'You're so lucky.' And yes we are lucky but I deserve the right to have control over my image. I would prefer that the only time somebody sees me is when I am in a film, or in character, or if I am promoting a movie."
