

Kalyan Corraya, has, over the past few years, become a very popular name in the Bangladeshi media. The young and energetic model and actor has worked on various films and dramas for a long time now. Recently, he is very busy with his Eid shootings. This week, *Star Weekend* has a quick chat with him about his inspirations, favourites, upcoming projects and much more.

Who is your inspiration behind acting and modelling?
I have to mention Deep, one of my school friends, who inspired me the most for acting. But when the beginning of my journey was going well, since then, even today, I have gotten the best support from my family.

What was your first Film?
'Pita (The father)'. Directed by Masud Akhand and produced by Impress Telefilm Limited. I starred opposite of Shaina Amin.

Your three favourite co-artists-
Actually favourite co-artists are many, and this is really a very tough question for an actor to answer. If I have to choose, then Sadia Islam Mou, Joya Ahsan and Tariq Anam Khan.

Your three favourite foods-
I love eating all types of foods. *Shorshe Ilish* (Hilsa fish with mustard), Biryani or Tehari, roasted chicken, and *Taki Macher Bhorta*.

What is your upcoming project?
Actually, days are getting busier for Eid shootings. If everything goes well, people will be able to enjoy my upcoming film '*Mukhosh Manush* (The Fake)'.
What is your advice to young aspiring actors?
Don't run after glamour, don't work for Facebook popularity. If you want to be a real actor, try and portray different characters and challenge yourself. Follow the footsteps of senior actors-actresses.
