

Khazana unveils iftar packages

Khazana recently announced a new iftar special menu that will be available at the restaurants in Gulshan and Uttara. Food lovers can dig into Khazana's succulent kebabs at their air-conditioned iftar-bazaar where master chefs will be showcasing their culinary skills at the Khazana Kebab station.

"This year we have decided to surprise our guests with an array of sumptuous dishes along with the classics,

Khazana ke Jelebi and Shahi Haleem," said Avishek Sinha, Director of Khazana. "This time we decided to unveil a new Hyderabad cuisine. Specialties from the traditional cuisine - whose roots can be traced back to Charminar City - will be offered to our patrons for takeaway. Items include Hyderabad biryani, nalli nihari, Hyderabad haleem, etc," he added.

To make the gourmet experience more memorable,

customers can enjoy Kolkata rolls, chicken kathi rolls and sigree rolls. Khazana, crowned the winner of the Certificate of Excellence 2016 by Trip Advisor, will be hosting iftar dinner buffets throughout the month of Ramadan.

Khazana is also offering special packages for corporate iftar parties. Booking is now open for those who want to throw iftar dinner parties at Khazana.
