

**Salman Muqtadir** is a popular name amongst the Bangladeshi youth living all over the world, mainly because of the witty and trendy stories that he showcases online. Tagged as a Youtuber, a public speaker, an actor and a youth icon, Salman takes out a minute to speak to the *Star Weekend*. Some of his opinions or answers make little sense. When asked the reasons behind the outlook, he simply says that he seldom thinks and prefers to express the first thing that comes to his mind!

**What are the three things you would take with you to a deserted island?**

The first things that come to mind are – a guy who lives in Ireland Belfast, a camel and my headphones. However, I think its best I take a bottle of cold water, vegetables and a compass!

**If you were given a chance to play a role in an old film, which role and which film would they be?**

Tony Stark from Ironman, but with bigger muscles.

**What is your favourite midnight snack?**

Nutella and fruits.

**Which director or directors would you like to work with in the future?**

Christopher Nolan.

**What is your favourite form of exercise?**

Any kind of cardio. (Yes, I know I'm skinny!)

**What is the message you would like to give to all the young people trying to enter your profession?**

Stop making excuses!
