

**Extremist forces take advantage of 'lack' of democratic practice: Moudud**  
OUR CORRESPONDENT, New Delhi

Senior BNP leader Moudud Ahmed yesterday alleged that a "lack" of democratic practice, "suppression" of the opposition and "political vacuum" in the country has created opportunities for extremist forces to take advantage of the situation. In order to contain and resist rising terrorism in Bangladesh, he suggested holding of free and fair election immediately in order to have an accountable and elected government and to unite people under a national platform. He was delivering a lecture on "Security of Bangladesh in South Asian Context" organised by think-tank Institute of Peace and Conflict Studies at a hotel in Delhi. The senior BNP leader said the terror attacks in Gulshan and Sholakia added "a new dimension in the security concerns of Bangladesh". "These killings and the government's failure to track down the killers has caused a great amount of uncertainty, fear and a sense of insecurity in all sections of people," he said. Moudud said Bangladesh and India will have to work together urgently, if necessary with international support, to eliminate forces of terrorism in this region.

STAFF CORRESPONDENT, Ctg

Traffic department of Chittagong Metropolitan Police (CMP) and Bangladesh Road Transport Authority (BRTA) have been continuing drives against CNG-run auto-rickshaws that were not using the fare meters in the port city since Sunday. During a drive in the city's New Market Intersection, Masood-ul-Hasan, additional commissioner (traffic) of CMP, yesterday told the reporters that 1,700 cases have been filed against the same number of auto-rickshaws and 70 auto-rickshaws were

seized in the first two days. "950 cases were filed and 40 auto-rickshaws were seized in the first day and 750 cases and 30 auto-rickshaws in the second," he said, adding, "As a result of the drives, most of the drivers are seen operating on meters today [yesterday]." Meanwhile, passengers said drivers were using fare meters but many also complained that some of the drivers were still refusing to use them. Hasibul Hussain, a passenger, who was going to Jamal Khan Road, said the auto-rickshaw he was traveling on used the fare meter, while another passenger

Turna Das, traveling to Anderkilla, said the driver refused to use the meter and she ended up bargaining with him. "Around 75 percent of auto-rickshaws were seen operating on fare meter today [yesterday]. We will continue the drives till the problem is addressed fully," said CMP additional commissioner Masood. He said over ten thousand CNG-run auto-rickshaws ply the city roads. Mohammad Shohidullah, BRTA deputy director of Chittagong, could not be contacted for his comment despite repeated attempts as his cell phone remained switched off.

## Correction

During editing of a report headlined "Niblett Australian envoy" published in The Daily Star on Tuesday, the last two words -- "and smuggling" -- of a deleted sentence, "Announcing the appointment, Julie Bishop, minister for foreign affairs of Australia, said Bangladesh and Australia are enhancing their cooperation on shared security challenges, including counterterrorism and smuggling", were inadvertently left behind after the second paragraph. We regret the error.

without proper qualifications. Many vehicles are unfit and are being run by unskilled drivers. Consequently, passengers' safety is being endangered," mentioned Quader, reiterating that one of his major challenges was to maintain discipline in the transport sector. "If we cannot reclaim roads and footpaths from the illegal occupiers, mega-projects like metro rail and flyover will bring no benefit to reducing traffic congestion in the capital," he added. About 15 lakh rickshaws run in the capital, while the number of registered rickshaws is around 50,000. Hundreds of unregistered three wheelers are also running, said the minister. A topic on traffic rules should be added to the school textbooks to build awareness among children, he underscored. Eminent writer and educationist Prof Abdullah Abu Sayeed proposed formulating a rule making graduation-level qualification mandatory for being a bus driver and SSC-level for a truck driver.
