

KIRSTEN DUNST

Will Make her Directorial Debut

Kirsten Dunst will be making her debut as a director in a new movie adaptation of "The Bell Jar". The "Spider-Man" actress will make directorial debut in a feature film with the remake of Sylvia Plath's semi-autobiography set in the 1950s. She has casted Dakota Fanning in the film to play the role of Esther Greenwood. Fanning will also act as the producer in the film.

The movie is about a young lady who

struggles with mental illness, originally turned into a film in 1979 by director Larry Peerce, with Marilyn Hassett playing the lead character of Esther Greenwood.

Dunst recently earned an Emmy nomination for "Outstanding Lead Actress in a Miniseries or Movie" for crime drama series " Fargo", in which she played the role of Peggy Blumquist.

Sunny Leone and Sonakshi Sinha

to Star in "Noor"

Sunny Leone will be starring in upcoming film "Noor" alongside Sonakshi Sinha that is slated to release on April 7, 2017. The movie will be directed by Subhil Sippy, where Sonakshi will be playing the role of a Pakistani journalist-writer. Sunny will be seen playing the character of a Bollywood actress in the film.

"Noor" is based on the novel "Karachi You're Killing Me" by Saba Imtiaz, which revolves around Noor's adventures and love-life as she wanders her way through Mumbai. The film will feature the debut of stand-up comedian Kanan Gill as Saad Sehgal. Also starring in the film are stars Purab Kohli and Shibani Dandekar.

LEONARDO DICAPRIO

to Produce Maritime Action Thriller for Netflix

Leonardo DiCaprio is set to make an action thriller centered on the real-life quest for a fugitive fishing ship. The actor will produce the movie "The Outlaw Ocean" for internet video streaming service Netflix. The movie will tell the story of a how a vigilante crew followed an infamous fish-poaching ship across three oceans. The announcement of Leonardo signing a deal with Netflix to produce non-fictional movies and documentaries regarding controversial envi-

ronmental themes was made in March. DiCaprio being a committed environmental activist mentioned that in partnering with Netflix he hopes to promote conservation matters and attain a wider audience for filmmakers to take on this topic.

DiCaprio has devoted an immense amount of time into promoting environmental conservation. The Leonardo DiCaprio Foundation has donated millions to preserve wildlife, and safeguard habitats such as oceans, rainforests and Antarctica.
