THINKING OF CAREERS

ELITA KARIM

PHOTO: PRABIR DAS

We have come a long way today and think of a career beyond medical, engineering and architecture – all noble professions of course. Today we have corporates, accountants and marketing professionals on the rise. Can we, still, break barriers and move beyond the corporate world and think of other vocational subjects to pursue a career? To know more, shift to pages 8 and 9!

3 DISCOVER EATERIES WITH HARRIKEN

Is about Harriken, a state-of-the-art application that has made the task of discovering a restaurant fun and simple.

6 DIFFERENT SHADES OF GREEN
