

**CHOICES APLENTY**

**W**ITH the Eid-ul-Azha only four days away, the sale of sacrificial animals is set to soar in the capital. Traders have put cattle, goats, sheep, buffalos and camels on sale at different markets. There are various breeds of cattle, including Sindhi, Nepali, Haryana and Mirkadim. There are several breeds of goats and sheep as well, including fat-tailed sheep. Some have been painted to attract customers. Although the supply of cattle is satisfactory, their prices are still quite high compared to previous years. The photos were taken at Gabtoli and Aftabnagar cattle markets yesterday.
