

RACHEL WEISZ'S

"My Cousin Rachel" gets Release Date

Rachel Weisz starrer "My Cousin Rachel" will be released on May 5, 2017 in theatres around the world. Roger Michell directed as well as wrote the script for the movie, which is an adaptation of Daphne du Maurier's 1951 novel by the same name. The story revolves around a young Englishman who plans a revenge plot against his mysterious cousin, believing that she was the person behind the death of his guardian. His feelings become more complicated as he slowly finds himself lured into her charms. The film will also have Holliday Grainger, Pierfrancesco Favino and Iain Glen playing different roles. "My Cousin Rachel" was previously adapted into a film in 1952 by Nunnally Johnson, which was directed by Henry Koster.

The actress will be seen in her upcoming film "The Mercy", which is in its post-production phase at the moment.
