# READERS' CHOICE

Showbiz has recently come up with the strategy of introducing a voting system where the readers can choose and vote on different choice of articles, the best cover stories, the most attractive models and their attributes. The poles, which will begin from the next issue will elect what the best issues were in the past. We never take our readers

for granted and know that entertainment is always at its prime when it is relatable with its readers.

Hence keep an eye on our Facebook Page, <https://www.facebook.com/SHOWBIZ.TDS/> to vote for your favourites. Votes begin from the next issue.
