

10,000 Rohingyas entered Bangladesh in recent weeks: UN

Suu Kyi vows to initiate national reconciliation move amid criticism

STAR REPORT

At least 10,000 Rohingyas have entered Bangladesh recently to flee violence in Myanmar, the United Nations said yesterday.

"Based on reports by various humanitarian agencies, we estimate that there could be 10,000 new arrivals in recent weeks," Vivian Tan, a spokeswoman for the UN refugee agency in Bangkok, told AFP.

"The situation is fast changing and the actual number could be much higher."

The UN estimates that at least 30,000 Rohingyas have been forced to leave their homes in the western state of Rakhine since the Myanmar army started crackdown there in October.

Scores of Rohingya people are sneaking into Bangladesh every day -- many of them crossing the Naf river and others walking across the land border.

Bangladesh has stepped up patrol on the border to try to stop the Rohingyas from entering, but last week it said thousands had streamed into the country.

These Rohingyas have crossed into Bangladesh recently and started building makeshift houses at Kutupalang Rohingya camp in Cox's Bazar. Despite heightened vigilance by BGB personnel, Rohingyas continue to pour into Bangladesh to escape persecution in Myanmar. The photo was taken yesterday afternoon.

A total of 14 people were accused in the case. Of them, Abur Rashid, Altaf and Mahfuz were killed in "crossfire" incidents.

GLITCH IN PM's PLANE Biman suspends six employees

STAFF CORRESPONDENT

Biman yesterday suspended six officials of its engineering section after a probe discovered that their negligence in duty caused a Biman flight carrying the prime minister to make an emergency landing in Turkmenistan on Sunday.

The VVIP flight to Budapest with Prime Minister Sheikh Hasina made the emergency landing at Ashgabat International Airport in Turkmenistan after a loose nut caused an oil leak and subsequent oil pressure loss in engine-1 of the Boeing 777-300ER, the Biman probe found.

Following procedure, the plane was handed over to the security personnel 24 hours prior to its flight and those who were supposed to have inspected the plane have been identified, Civil Aviation Minister Rashed Khan Menon said at a press briefing yesterday.

In the briefing, the minister said the probe body identified five to seven officials of engineering and technical directorates of Biman for the incident. He said stern action would be taken against those responsible after a thorough investigation.

The six were suspended around an hour after the minister's briefing.

They are: engineering officials SM Rokonuzaman, Samiul Haque, Lutfor Rahman, Milon Chandra Biswas, and
