## ATTRACTING BANGLADESHI TOURISTS India approves visa policy simplification

OUR CORRESPONDENT, New Delhi

Aiming to increase the number of Bangladeshi tourists and stimulate economic growth, India on Wednesday gave approval to liberalisation, simplification, rationalisation and incremental changes of its visa regime to increase earnings from the facilitation of entry for tourism, healthcare and business.

A meeting of the federal cabinet, chaired by Prime Minister Narendra Modi, gave the approval as decided by the home ministry in consultation with various stakeholders and with the home minister's approval, said an official statement.

Bangladesh is one of the top two foreign tourist contributors, many driven by trade and cheaper and better healthcare.

Last year, more tourists from Bangladesh came to India from January to October than from the United States or Britain -- the traditional source countries of most foreign visitors.

During that period, 6.28 million foreign tourists came to India, most of whom were from Bangladesh, whose share was 14.64 percent. The US ranked second, with a share of 14.55 percent and Britain third with 10.75 percent.

In 2014, however, the US was at the top of the table with 14.57 percent followed by Bangladesh in the second spot with 12.27 percent and Britain contributed 10.92 percent of the total number of foreign tourists coming to India, according to travel industry estimates.

A report by KPMG, which provides risk, financial services and business advisory, internal audit, corporate governance, and tax and regulatory services, last year said Bangladesh accounts for the highest number of medical tourists (22 percent) coming to India.

## Saudi embassy to issue more work visas: envoy

STAFF CORRESPONDENT

The Saudi Arabian Embassy in Dhaka will increase workforce for its local office to issue more work visas, said Saudi Ambassador Abdulla Al-Mutairi yesterday.

He gave the assurance following the recent media reports that the Saudi embassy was refusing to stamp visas for male workers as recruiting agencies are not sending at least 25 percent female workers simultaneously.

Ruhul Amin, secretary general of Bangladesh Agencies of International Recruiting Agencies (Baira), last week told The Daily Star that the embassy was allegedly imposing a condition of 25 percent female quota on recruiting agents when they went for stamping visas for the male workers.

The Saudi ambassador made the assurance during a courtesy call on Expatriates' Welfare Minister Nurul Islam at his office in the capital's Probashi Kalyan Bhaban, said a ministry press release.

They discussed taking punitive actions against recruiting agents who are allegedly involved in visa trading. The minister also urged the envoy to hire Bangladeshi in all sectors.

Earlier, Patrick Earle, executive director for Diplomacy Training Programme under the law faculty of New South Wales University in Australia, made a courtesy call on the minister at his office. The Australian scholar is now visiting Dhaka to provide diplomacy training on the migration issue.

Refugee and Migratory Movements Research Unit Executive Director Prof CR Abrar and senior ministry officials were present.

Earlier, the bench had adjourned delivering the verdict for four times on the petition on different reasons.

Shakhat Hossain Bhuiyan, a Jubo League leader of Feni, filed the petition as public interest litigation with the HC on June 8, 2014 praying to the court to declare Nizam disqualified for contesting the parliamentary polls and holding the MP post for his alleged forgery in getting early release from jail in a criminal case.

At that time, the HC issued a rule asking the government and the Election Commission to explain why Nizam Hazari's parliament seat should not be declared vacant.
