At least five more garment factories were shut yesterday in the face of labour unrest in Ashulia, raising the number of closed factories to 60.

SUST closed for 15 days after BCL clash

OUR CORRESPONDENT, Sylhet

Shahjalal University of Science and Technology (SUST) was declared closed yesterday for 15 days after several factions of Bangladesh Chhatra League engaged in a clash the day before.

Soon after the decision of the university Syndicate was announced around noon following an emergency meeting, a group of aggrieved general students launched a demonstration in protest at the decision and they later besieged the vice chancellor inside the administrative building.

The decision was taken after three factions of the BCL grouped up and attacked another faction to overpower the latter at the Shah Paran Hall, a dormitory of the SUST, on Tuesday evening.

Immediately after the clash, the university authorities also asked resident students except the ones staying in the women's dormitories to vacate their rooms and leave the campus by 8:00am yesterday.

In its decision the Syndicate suspended all academic activities including classes and examinations and prohibited all sorts of rallies and processions till January 5, said Prof Dr Kabir Hossain, a member of the Syndicate.

A five-member committee, headed by Prof Dr Jahir Bin Alam, was also formed to investigate the incident, he said, adding that admission and administrative activities will continue during the closure.
