

What is love?  
 Baby don't hurt me.

*What are you thinking? How are you feeling? What have we done to each other? What will we do?*

"Gone Girl" is my favourite romcom. Man meets female woman. Man falls in love with female woman. Man marries female woman and they live happily ever after for a few years. Female woman goes missing; man becomes prime suspect. Female woman returns and forces man to live happily ever after. A story as old as time.

If you haven't already, this is the movie to watch this Valentino's Day with your special dining companion.

– Karim Waheed, Romcom Enthusiast

THIS WEEK'S  
**HORRORSCOPE**

**ARIES**  
 Can we have a no shoe zone in Dhaka City? Please?

**TAURUS**  
 I like standing around and watching you struggle with life.

**GEMINI**  
 Care to share some of your thoughts on goats flying in the sky?

**CANCER**  
 The hawks are out to get you.

**LEO**  
 I will not recommend getting that ultra-widescreen monitor.

**VIRGO**  
 Play Resident Evil VII with a VR headset. You know you want to.

**LIBRA**  
 Howbow you don' cash me ousside?

**SCORPIO**  
 Keep an eye out for that shiny potato in the supermarket.

**SAGITTARIUS**  
 Check if your mom has already left you 27 missed calls when you step out of the house.

**CAPRICORN**  
 After you've channelled your energy, don't swim in the sand.

**AQUARIUS**  
 Don't check yourself out in the elevator today. You'll look fat.

**PISCES**  
 Things might JUST improve for you today.

**APP REVIEW**

THE AVENGERS  
 GO BACK TO SCHOOL

SALMA MOHAMMAD ALI

Platforms: Android, iOS

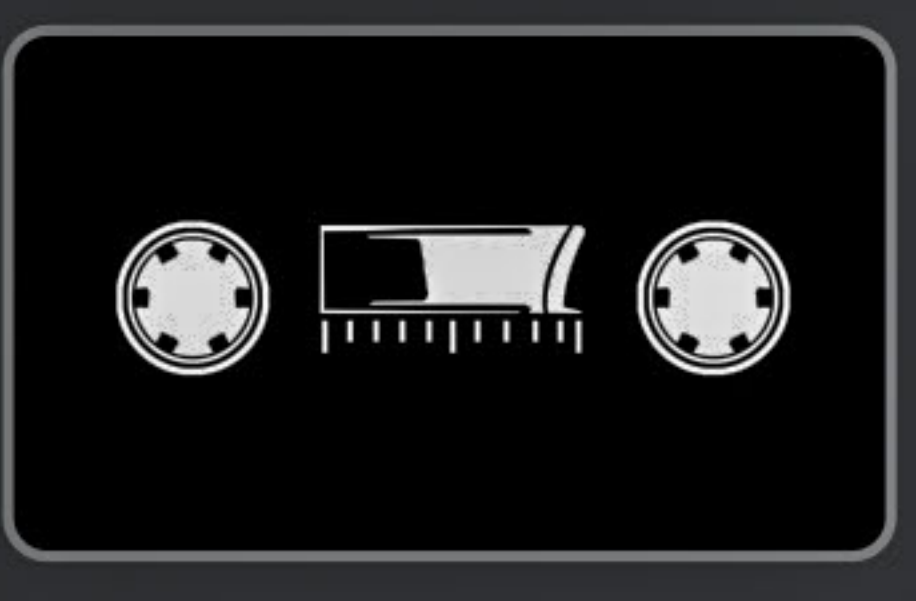

Marvel Avengers Academy re-imagines Marvel heroes (and villains) as high school students. You start with young, cocky Tony Stark who joins Avengers Academy, led by Nick Fury and Pepper Potts. The gameplay focuses on transforming the Academy into a formidable threat that can take on Hydra or defeat Ultron's robots by upgrading characters, constructing buildings like Stark Tower, and recruiting new heroes.

As you complete quests you earn coins, your Academy Level increases, and you can unlock more heroes. Stark is soon followed by Wasp, Black Widow and Loki. Constructing new buildings and making your heroes complete activities takes a few seconds to a few minutes, which you have to wait out or can speed up using in-game

currency (coins or Infinity Gem Shards).

The best part is your characters are typical, egotistical, social media-obsessed, hormonal teenagers. They also have unique skills like shape-shifting or mental manipulation. The characters look good too and the overall graphics are impressive; care has been put into designing outfits and facial features and there are some famous people behind the voices – Alexandra Daddario, Dave Franco, and even John Cena (very apt as Hulk).

The personality quirks and ease of completing quests mean the game has a fun start, but slows down a little afterwards. Quests and actions take longer as you progress, which means you either wait or spend lots of in-game currency (and possibly real money). You don't particularly have to be a Marvel fan to enjoy this - I'd recommend it to pretty much anyone - especially if you're into SimCity.
