

# Dating disasters 102

With February, we have stepped into those few days of the year when we see roses everywhere, with covert or overt declarations of undying love from those who believe in 'special days' coupled with the disdainful rants from some confident couples who declare that every day is in fact special to them. Whatever way you prefer, Valentine's Day is an issue for all, either for the special feel or the very annoyance at blooms and romance flying about in the air.
