

# Warez Panjabis for Baishakh

Red and white has been the go to colour for Baishakh. But that does not mean that creativity in what you wear is limited to that.

Over the last few seasons, Warez has made a name for itself for men's fashion wear. This Baishakh is no different.

Although bright colours predominate, a sea of other shades are swarming the streets. This is Baishakh 1424 for you.
