Miracle in 'One Drop'!

Malaysia-based perfume manufacturing company, One Drop, is offering a special box with eight different types of perfumes within Tk 1,750 for male and female.

Anyone can carry it very easily, owing to its small packaging. The perfumes in One Drop Perfumes are all inspired by international designers' brands; with better value for money. To prove the name of 'One Drop', the fragrances keep the users fully perfumed for 12 hours. Non-alcoholic fragrance oil has been used, and no extra water is added. So, just a drop of this perfume is enough!

Now 'One Drop Perfumes' is available at all BanglaShoppers' outlets in Dhaka and also on www.banglashoppers.com. For further details, find 'One Drop Perfumes Bangladesh' on Facebook.

WHY DO WE NEED TO TRIM OUR TUMMY FAT?

Everybody desires a flat seductive tummy but with age, stress, sedentary life style, child bearing or lack of exercise can keep you far away from it. Sadly, tummy fat is not just about fitting into your clothes but also a big issue for long-term health.

Here are 4 reasons to work on shedding it:

1. The visceral fat of the tummy is "biologically active," & produces hormones (ladiponectin & leptin) that affects appetite & metabolism & blood sugar-regulating insulin. **Fatty liver change** is one of its consequences.
2. Fatty acids released by belly fat are also linked to higher LDL (bad cholesterol) & lower HDL (good cholesterol) & pumps out cytokines promoting constant low-level inflammation & insulin resistance.
3. As large waists are estrogen receptor negative, it is more likely to develop breast cancer.
4. Tummy fat & reduces fertility and potency.

Shape up without surgery and pain

Its better late than never...

- **Ultracontour HIFU** (High Intensity Focused Ultrasound) can be an excellent answer to achieve a flatter tummy.
- This revolutionary French technique sculpts your body by eliminating the unwanted pockets of 'exercise & diet-resistant fat'
- Effective on fat of **tummy, hips, love handles, thighs, back & arms.**
- The multisequential ultrasonic waves burst the fat cells & drain the fluids & the waste immediately by Ultrasound Multi-Lymphatic Drainage (UMD).
- The procedure is permanent & shows circumference loss of 1-3 inches after the procedure.
- This fascinating procedure can be a non-invasive answer to those who are afraid of surgical intervention & more concern about shaping up themselves.
